American Bowling Congress

5301 South 76th Street • Greendale, Wisconsin 53129

Board of Directors, 1981-82

EXECUTIVE OFFICERS

President
Jack C. Moore ..... Champaign, Ill.

Vice Presidents
Julian O. Johnson ..... New Orleans, La.
H. Wesley Bogle ..... Kendall Park, N.J.
William D. DeHaven ..... Dayton, Ohio
Paul O. Mohn ..... Silver Spring, Md.
Joseph T. Dahl ..... Portland, Ore.
Edward W. Sweeney Sr. ..... St. Louis, Mo.
Eugene E. Adams ..... Cincinnati, Ohio
Max D. Skelton ..... Ada, Okla.
Boyd M. Pexton ..... Salt Lake City, Utah
Henry J. Lapinski ..... Philadelphia, Pa.

ADMINISTRATIVE OFFICERS

Executive Secretary-Treasurer
Kenneth B. Hurley ..... Milwaukee, Wis.

Assistant Secretary-Treasurer
Roger H. Tessman ..... Milwaukee, Wis.

SECRETARY EMERITUS

Frank K. Baker ..... Milwaukee, Wis.

President Moore

HONORARY MEMBERS

Clarence P. Andersen ..... Dover, N.H.
William W. Franklin .... Los Angeles, Calif.
Robert B. Nelson ..... Seattle, Wash.

PAST PRESIDENTS — LIFE MEMBERS

John O. Martino ..... Syracuse, N.Y.
Dr. Joel G. Bernhard ..... Columbus, Ohio
Cecil C. Simpson ..... Tulsa, Okla.
Matthew R. Bennie .... Forest Heights, Md.
Harry G. Sherwood ... Santa Barbara, Calif.
Gilbert L. Adamowski ..... Chicago, Ill.
Herman C. Rider ..... Sebring, Ohio
Conn O. Wilson ..... Chandler, Texas
George W. Kampfen ... Bethel Island, Calif.
Rex J. Brown ..... Birmingham, Ala.
Joseph A. Robelotto ..... Albany, N.Y.
Vince Bovitz ..... Duluth, Minn.
Maurice J. Hayes ..... Rochester, N.Y.
Lowell E. Rothschild ..... Tucson, Ariz.
C. Dayle Vannoy ..... Lubbock, Texas
Charles J. Roesch ..... Buffalo, N.Y.
Raymond V. Arnold ..... Jackson, Mich.

LIFE MEMBERS

John N. Goldsmith ..... Elmsford, N.Y.
John T. Henry ..... Minneapolis, Minn.
Bertil W. Lindgren ..... Spokane, Wash.
Robert W. Lyons ..... Erie, Pa.
Renus H. Lytle ..... Mason City, Iowa
Albert R. Matzelle ..... Milwaukee, Wis.
Herman W. Muesing ..... Ft. Wayne, Ind.
T. J. Van Patten ..... Nashville, Tenn.
Mark Westerman ..... Youngstown, Ohio

DIRECTORS

George E. Barnes ..... Norton, Ohio
James D. Beckett ..... Yakima, Wash.
John G. Birdwell ..... Ft. Wayne, Ind.
Chester W. Bixby ..... Erie, Pa.
Verrill F. Burgin ..... Toledo, Ohio
Paul L. Chaffin ..... Columbus, Ohio
William G. Chestnut ..... Springfield, Ill.
Thomas F. DeChalus ..... Deer Park, N.Y.
Walter E. DeLozier ..... Wichita, Kan.
Joseph F. Ferguson ..... Brooklyn, N.Y.
Richard W. Finke ..... Minneapolis, Minn.
Edwin W. Fisher ..... Houston, Texas
Robert W. Girts ..... Poland, Ohio
William H. Hall Sr. ..... Chicago, Ill.
Pedro Hernandez ..... Billings, Mont.
James R. Hilliker ..... Woodland, Calif.
Hiroto Hirashima ..... Honolulu, Hawaii
Robert A. Hollencamp* ..... Dayton, Ohio
Charles D. Howell ..... Idaho Falls, Idaho
John J. January ..... Nashville, Tenn.
Theodore M. Jaskie ..... Brown Deer, Wis.
Wesley G. Kidwell ..... Indianapolis, Ind.
Kenneth F. Knapp ..... Los Angeles, Calif.
Gerald L. Koenig* ..... Shawano, Wis.
James T. Lusk ..... Jamestown, N.D.
Duncan G. Macpherson ..... Albany, N.Y.
James M. Maher ..... Denver, Colo.
Glen A. Mann* ..... Lubbock, Texas
Wallace E. Matthew ..... Bay City, Mich.
Thomas W. McKay ..... Detroit, Mich.
Ted F. Melonis ..... Omaha, Neb.
Richard D. Merrill ..... Hudson, N.H.
Clifford R. Munson ..... Miami, Fla.
John R. Nevada ..... Rochester, N.Y.
Jack A. Otero ..... Santa Barbara, Calif.
Blase P. Palumbo ..... Buffalo, N.Y.
Joseph Paussa Jr. ..... Syracuse, N.Y.
Walter R. Payment ..... Greenville, S.C.
H. L. "Buzz) Prettyman* ... El Cajon, Calif.
G. Walton Roberson ..... Tucson, Ariz.
Stephan Robutka .... East Hartford, Conn.
Lawrence Schafer ..... Macon, Ga.
John L. Settelen ..... Philipsburg, Pa.
Michael G. Shenesky ..... Zelionpole, Pa.
Lester H. Shirey ..... Fond du Lac, Wis.
John Sieren* ..... Ft. Worth, Texas
Carroll L. Stonehouse ... Gd. Rapids, Mich.
James J. Sullivan ..... Chicago, Ill.
Lawrence E. Swenson ..... Seattle, Wash.
Kenneth T. Taylor ..... Richardson, Texas
Gerald F. Tessman ..... Maplewood, Minn.
Preston W. Thomas ..... Somerset, N.J.
Robert P. Turner ..... Mississauga, Ont.
William E. Vitense ..... Madison, Wis.
Glenn E. Weaver ..... Sunnyvale, Calif.
Max Weinstein ..... Louisville, Ky.
Dirk Wheat ..... Waterloo, Iowa
Bryant W. White ..... Odessa, Texas
Richard N. White ..... Jackson, Mich.
Robert Wissmuller ..... Detroit, Mich.
George Zeidell ..... San Diego, Calif.

*Directors-at-Large — Nonjurisdictional

A Review of ABC's 87th Season

Baltimore, Md. was the home-away-from-home for the American Bowling Congress in 1982 and the happenings in the spacious Baltimore Convention Center highlighted the 1981-82 season for the Congress. It was the 87th season for the ABC and the visit to Baltimore recalled those early years.

Founded in New York City in 1895, the Congress conducted its annual meeting in the "Big Apple" until it decided to hold the 1900 session in Baltimore. While it was a meeting only, the ABC Tournament was born at that Maryland session in Electric Park and the first competition was conducted the following year in Chicago.

This was ABC's first visit to Maryland since that time and it was a successful one.

THE record 1,299 delegates attending the annual convention March 19 approved an increase in ABC dues effective Aug. 1, 1982. For bowlers in associations under the individual membership plan, the ABC portion was increased from $1.50 to $2 while local associations have the option to increase their portion from $2.50 to $3. For those under the team membership plan, the ABC dues were increased from $1.40 to $1.85 in individual with local associations allowed to increase from $2.10 to $2.50.

MEMBERSHIP was 4,685,036 men, down 70,720 from the previous season but still the fifth largest in the 87 year history of the Congress as ABC continues to be the world's largest sports membership organization. Membership also decreased in the Women's International Bowling Congress, the American Junior Bowling Congress and the ABC/WIBC Collegiate Division.

The total number of bowlers serviced out of Bowling Headquarters was 9,454,806.

WIBC had a total membership of 4,064,861, also its fifth highest on record, while AJBC had 686,178 members and there were 18,731 collegians. WIBC's decrease was 47,151 while AJBC's was 54,311.

In the Collegiate Division, there were 12,120 men, a drop of 754, and 6,611 women, an increase of 180, for an overall decrease of 574. WIBC includes women collegians in its membership; ABC does not include collegiate men.

California and Detroit remained the top state and local associations in membership but the gap between runnersup New York and Chicago shrunk.

California had 427,198 members while New York had 403,594, a difference of 23,604 compared with 30,435 the previous season. Detroit had 154,187 members and Chicago 97,781, a difference of 56,406 compared with 59,905 the previous season.

For the second consecutive season, Wisconsin showed a membership increase and moved to sixth with Texas the only other of the top 10 states to have an increase. Seven associations had membership increases, including Chicago Metropolitan. Others were: Houston (9th), Denver (10th), Rochester, N.Y. (17th), Citrus Belt, Calif. (21st), Greater Baltimore (23rd) and Toledo, Ohio (24th).

Joe Berardi, 1982 ABC Masters champion.

During the season, 102 new establishments were constructed with 1,758 lane beds while in 95 other establishments 1,066 lanes were replaced, added or reinstated. ABC certified 8,481 establishments with 154,090 lane beds in the United States, decreases of 47 and 133, respectively.

ABC also certifies lanes in Canada and various foreign lands, most of the foreign installations at military bases. Those totals increased slightly with four more establishments and 176 more lanes. Overall, ABC certified 8,850 establishments, a decrease of 43, and 158,704 lane beds, an increase of 43.

The ABC Legal and Legislative committee's workload increased even more during the season. 1,030 bowlers were suspended indefinitely, 172 more than the previous season, with 150 suspended for one year, up 33, and 121 other cases were held in abeyance, up 32. The committee reinstated 124 bowlers and denied reinstatement for seven others. Another 215 were given amnesty and another 120 cases either had no action taken or were dismissed.

The Kendor Corp. No. 1 team earned a record $19,216 in the 1982 ABC Tournament, taking the team all events title in the process. Pictured kneeling, Terry Kuliburt (left) and Gary Daroszewski; standing (from left) Darold Meisel, Bob Larson and Rich Wonders. Meisel and Wonders also won the doubles with Kuliburt and Daroszewski second while Wonders added the all events title.

ON the 40 specially installed lanes in another section of the Convention Center, much more news was being made, such as Joe Berardi of Brooklyn, N.Y. capturing the title in the ABC Masters by Columbia 300 and Winston Bowling Series. Berardi earned $40,600 from the $200,000 prize fund, the top prize ever won by a professional bowler.

The R. J. Reynolds Tobacco Co. joined in the sponsorship of the Masters for the first time, enabling the prize fund to climb from the $141,000 distributed in 1980.

In all, nearly $1.4 million in prize money was at stake during the 100 days of competition that was concluded with the National Seniors Tournament, the first truly national competition for those 55 years of age and over.

An era ended as Bill Doehrman of Ft. Wayne, Ind. was unable to make it to Baltimore, confined to a rest home. Doehrman had made 71 consecutive ABC tournaments, a participation record unparalleled in any sport.

On the lanes, the name of Kendor Corp. of Milwaukee will not soon be forgotten. The corporation sponsored two teams in the "showcase" and they put on a two day show unsurpassed in ABC history. The No. 2 team shot a 3152 total while No. 1 rolled 3138 as they took over the top two positions at that time, eventually settling for fourth and fifth, respectively.

On the following day Rich Wonders and Darold Meisel combined for 1364 while teammates Gary Daroszewski and Terry Kulibert had 1345, also good for the top two spots. The difference was that is the way they wound up, the first time teammates captured the top two positions in doubles. Wonders then reeled off 731 in singles after having 641 in the team and 704 in doubles for a 2076 all events total. Both were good for the number one berth in the standings and while his singles total slipped to a tie for third, his all events mark stayed there for the rest of the tournament.

In the process, Wonders, a Racine, Wis. bowling proprietor, made more history as his back-to-back 700s in the minor events, combined with a similar showing in 1981 in Memphis, made him the first man in the 79 year history of the ABC to accomplish that feat.

He also led his Kendor No. 1 team to the team all events title with 9498 as Meisel added 1946, Kulibert 1893, Daroszewski 1800 and Bob Larson 1783. In all, the

teams earned more than $30,000. Kendor No. 1 earned a record $19,216 with Wonders responsible for $7,350 of that, another record.

That was not the end of the tournament. Carl's Bowlers Paddock of Cincinnati waited until the end to capture the team title with a 3268 total, the highest ABC Regular division score since 1967 when Pinky's Bowl of Milwaukee rolled its record 3327. Carl's bowled on the final team squad. Steve Fehr, who starred with Wonders on the United States team in the 1982 Federation Internationale des Quilleurs American Zone tournament in Winnipeg, Canada, led the champs with 697. Dave Callery added 689, Don Scudder 659, Greg Nesbit 618 and Terry Saccone 605.

Two days previous, Bruce Bohm of Chicago pounded out 748 to capture the singles crown.

The Booster division championship went to the Charlotte (N.C.) Bowling Assn. No. 1 team with 2734.

WITH the regular ABC Tournament complete, the spotlight fell on the Masters. Berardi earned the title but non-professionals also fared well, 25 of the top 64 being in that category.

The seniors took the lanes after the Masters and men's champions from 32 states and women's champs from 17 vied for titles in the National Seniors Tournament. In previous years the ABC conducted its seniors event in the Midwest and the move to the ABC lanes, plus having states conduct qualifying competition, opened the door to more men. The WIBC joined the effort with its first seniors tournament.

ABC championships were earned by John Taylor of Delaware in the 70 years of age and over class with Floyd Smith of Alabama winning in the 65-69 division, Ralph Lloyd of Colorado in the 60-64 division and John Turick of Louisiana in the 55-59 division.

THE ABC Tournament site also was the scene of the ABC Hall of Fame induction on March 18. Don Johnson of Las Vegas, John Klares of Los Angeles, George Billick of Old Forge, Pa. and Chuck Pezzano of Clifton, N.J. were added to the shrine. Pezzano was named in the meritorious service section, the others in the player's section.

Johnson, who began his career in Kokomo, Ind., gained his honor on the second national ballot. He established a record of winning a Professional Bowlers Assn. title in 12 consecutive years and is one of a few to own 20 or more titles. He has won two ABC Classic doubles titles, with Bill Tucker in 1968 and Paul Colwell eight years later, and was a member of the Columbia 300 team which won the Classic title in 1977. He twice earned Bowler of the Year honors.

Klares gained his fame in Cleveland and teamed with Hall of Famer Steve Nagy to establish an ABC Tournament doubles record of 1453 in 1952, Klares contributing 755. His Radiart Corp. team won the all events title that year.

Billick was known for years as "Mr. 300." He held the ABC record for 13 years after chalking up his 12th in 1954. He then added five more, the last in 1962. He was a longtime teammate and doubles partner of fellow Hall member Frank Clause.

Pezzano has been a jack-of-all-trades. A top bowler in the East during his younger days, he combined that ability with his journalism career and today is the sport's most widely recognized author. He was the first collegian to post an 800 series, was a charter PBA member and is a charter member of its Hall plus serving as secretary and historian of the association. He also is president of the PBA Hall of Fame board. He has emceed many dinners and is a past president of the Bowling Writers Association of America. His expertise has spread to television, both behind the scenes and on-camera, including being the coordinator for summer and fall PBA events.

THE increased number of honor scores continued to be a concern of Congress leaders. Records were established in all categories for high games and high series during the 1981-82 season.

There were 5,949 300 games approved during the season with 536 rejected. There also were 2,973 299s and 1,442 298s with 253 and 111 rejected, respectively. Of the 1,344 800 series reported from sanctioned competition, 147 were rejected. The 1,197 approved surpassed the previous record set in the 1980-81 season by 152. In addition, 98,595 700 series were approved.

The increase in honor scores has mandated much more work for the High Score and Awards Review committee and staff than in previous seasons.

In a further attempt to battle against unrealistic scoring, ABC upgraded the program it is conducting with WIBC and BPAA at lane conditioning forums throughout the country.

ANOTHER 24 local associations were honored with Service Awards during ABC Convention week in Baltimore, bringing the total of the two year program to 53. ABC President Jack C. Moore presented the plaques to association officials during the Saturday morning workshop session.

THE National Bowling Hall of Fame and Museum took a major step towards reality when ground was broken in St. Louis on April 20 for the $7 million structure adjacent to Busch Stadium. There also were other big advances in the fund raising program, the main push given by the Anheuser-Busch Brewing Co. of St. Louis.

It sponsored the Budweiser/National Light National Hall of Fame Tournament, beginning with most pins over average qualifying events in ABC and WIBC sanctioned leagues across the country and culminating in a doubles competition in St. Louis in May when league bowlers teamed with ABC and WIBC Hall of Famers for a $30,000 prize fund. The overall program raised more than $200,000 for the NBHF/M.

RICKY Corona of Oakland, Calif. was chosen as the recipient of the third annual Chuck Hall Star of Tomorrow Award, honoring him as the top junior bowler in the nation. He was presented his award by Hall, manager of the American Junior Bowling Congress.

Dues Increase Approved By Record ABC Delegation

A dues increase for the American Bowling Congress and local associations was approved after a lengthy discussion by the record 1,299 delegates and officers attending the ABC Convention in the Baltimore Convention Center on March 19.

The legislation allowed both the ABC and the local association to increase their portion of the annual dues by 50¢ in associations under the individual membership plan, placing the maximum amount of dues a bowler can pay at $5. In team membership associations, ABC dues were increased from $1.40 to $1.85 with the locals allowed to increase their share from $2.10 to $2.50.

An almost equal amount of time was spent discussing a resolution which allowed the Congress to join with the Bowling Proprietors Association of America, the Women's International Bowling Congress and equipment manufacturers in various procedures to improve the pace of bowling in sanctioned leagues during the 1982-83 season and to permit modifications or variances in existing ABC rules for leagues participating in the test program.

In total, the delegates approved four resolutions and nine amendments while rejecting four amendments and deferring another. One amendment was withdrawn.

During the annual session, Julian O. Johnson of New Orleans, La. was elected as the 69th ABC president with Roger H. Tessman elevated to executive secretary-treasurer, succeeding Kenneth B. Hurley who was retiring effective July 31, 1982. Hurley was elected a life member by the delegates. Earlier, the ABC board elected Burton W. Kellermann assistant secretary-treasurer, moving him up from administrative assistant.

Thomas W. McKay of Detroit, Mich. was elected 10th vice president. New jurisdictional directors elected for one year terms were: Gerald L. Koenig, Shawano, Wis.; Marvin H. Townsend, Kansas City, Mo.; David R. Tuell, Tacoma, Wash.; Calvin C. Whitmore, Moline, Ill.; Jerry L. Beltz, Anchorage, Alaska, and Chris Brugnola, Jersey City, N.J.

ABC leaders elected during the 1982 ABC Convention (from left) president Julian Johnson, executive secretary-treasurer Roger Tessman and assistant secretary-treasurer Burton Kellermann. All took office Aug. 1.

Condensed Convention Minutes

The 1982 American Bowling Congress Convention of the officers, board of directors and delegates was convened at 9 a.m. in the Baltimore Convention Center in Baltimore, Md. on March 19, 1982.

ABC President Jack C. Moore officially opened the meeting and introduced Lisl Dutterer who sang the National Anthem and another selection, and Rev. Richard Hase who gave the invocation and spiritual message.

Memorial services, honoring ABC past president Vince Bevitz, ABC life member John W. Goldsmith, ABC directors Lawrence E. Swenson and Preston W. Thomas, and ABC director at large Glen A. Mann, all of whom died in the previous 12 months, were narrated by Ron Reilly accompanied by Evelyn Esler. The buglers were John Martis and David Smith.

Miss Connie Biems, aide of Maryland Governor Harry Hughes, gave greetings from the state. Representing the host city was Clarence Burns, vice president of the Baltimore City Council. Wayne Chappell, executive director of the Baltimore Convention Bureau, also greeted the assemblage and then presented a $60,000 check to President Moore as partial payment for the city's committment to host the ABC Tournament and Convention.

Mrs. Helen Baker, president of the Women's International Bowling Congress, said all bowling officials, local and national, share a common commitment, "to involvement and responsibility." She continued: "If we don't want to see all that fine effort that we made up to this point be completely wasted, we are going to have to do even more in order to uphold the integrity of the game and work with others on desired projects." Referring to the occasional mention of WIBC being ABC's sister organization, she said: "As between real brothers and sisters, we have our minor disagreements, but we try to resolve them in a manner benefitting not only each other, but everyone else in the family. Let's not be afraid to ask each other for help."

Robert Weaver, president of the Bowling Writers Association of America, commented on the problems of getting bowling news in newspapers but he pointed out areas which have had successful campaigns to gain recognition for the sport.

Bill Lacy, Bowling Proprietors Association of America president, mentioned some of the problems his members are confronting, such as the pace of bowling. He also said BPAA had asked ABC to study the pin weight variance rule and do some additional testing in that area, plus continue its program to develop an optimum finish and/or dressing and instruments to evaluate the properties of these products. He also praised the many promotional events conducted during the year by various industries.

Bud Fisher, Professional Bowlers Assn. public relations director, said the Pro Bowlers Tour still is receiving fine television ratings and the ABC-TV contract has at least two more years to run. He mentioned PBA has become involved in fund raising programs for St. Jude's Hospital in Memphis, Tenn. He also congratulated the Congress for upgrading the ABC Masters.

The National Bowling Council presentation was narrated by Mrs. Alberta Crowe, NBC president. Utilizing slides and film clips throughout the program, she emphasized the many ways NBC is promoting bowling and getting its image before the public. Its newspaper columns, for both daily and weekly publications; the Public Relations Handbook for local PR people, and the wide popularity of the NBC sponsored National Collegiate Bowling Championships were just three of the programs mentioned.

Albert Matzelle, executive director of the National Bowling Hall of Fame and Museum, said ground breaking for the St. Louis structure would be April 20 and the fund drive was halfway home. "We understand that some of the apathy of fund raising was due to these delays (in construction)," he said, "and the seeming inactivity on the part of the Hall group. But we have been active, we understand the importance of getting the project underway and we hope that when it is done we will reach our goal of having the finest sports museum in the nation for the game of bowling and to house the Halls of Fame."

PRESIDENT MOORE: We'll now have the calling of the roll.

KENNETH B. HURLEY, ABC executive secretary-treasurer: Mr. President, the staff has been registering delegates yesterday and today. Their names, of course, will be in the roll and be made a part of the record. We have a quorum present.

PRESIDENT MOORE: Thank you. The next order of business is the reading of minutes, and the chair recognizes Walter DeLozier.

DeLOZIER, Wichita, Kan.: I move we dispense with the reading of the minutes. Seconded by Glenn Weaver, Sunnyvale, Calif.

PRESIDENT MOORE: We have a motion and second to dispense with the reading of the minutes. All in favor say aye. Opposed no. So ordered. The next item on the agenda is the president's report. No vote to accept the various reports will be taken until all have been presented.

About a year ago you afforded me the opportunity to accept the challenge of serving as your president. With the exception of a few isolated instances, the assignment has been a most pleasant one.

While traveling the length and breadth of the country, I have met and visited with bowling leaders from all integers of our game, both on the local and national level. To a man, they proved to be interested in, concerned with, and enthusiastic about the future of bowling.

Those of you who were in Memphis last year heard me pledge my efforts to enhance the cooperation between all facets of the industry. Has the relationship between ABC and the other members of the bowling family been better?

YABA presents a prime example. In nearly every corner of the land, men, women, proprietors are putting aside their personal considerations and saying, "This program can be the best thing that ever happened to our kids. Let's roll up our sleeves and make it work." With that kind of positive attitude, YABA can only succeed when it comes into being Aug. 1.

Another positive result of coordinated effort on the part of the entire industry: Who among us will ever forget those absolutely marvelous Budweiser commercials extolling the benefits of league bowling, which appeared on national television last fall and a sample of which we saw this morning. They simply must be regarded as the greatest media exposure our game has ever received.

However, let's not be accused of wearing rose colored glasses. We must examine our problems, too.

Unrealistic scoring is not being controlled. The 1980-81 season resulted in the highest total of awards in the 298, 299, 300 and 800 categories in our history. This season is currently running approximately 33% ahead of last. Now, gentlemen, let's face facts. Bowlers have not suddenly become 33% better in a year's time. Conditions have been made that much easier.

Everywhere one goes, one hears the question, "Why doesn't ABC do something to stop it?"

To answer that question it becomes necessary to lay aside the title of ABC president and don my hat as an association secretary.

Yes, I have and I still do, make lane inspections. And yes, fortunately, the great majority of them can be approved. Unfortunately, yes, it's been necessary to recommend some of the scores involved be denied. And, finally, yes, I'm thoroughly familiar with the frustration and the castigation which result when one does so.

We, the leaders of the 2,800 local associations, are ABC in this regard, and it's upon our level that the battle for the integrity and respect for our game will be won or lost.

We must develop capable, qualified local inspectors. We must insure that inspections are made consistently and honestly by developing local programs which achieve that effect. ABC's fieldmen can only make a limited number of inspections. And those don't accomplish a great deal when it's "business as usual" as soon as they leave the city limits.

We hear, from supposedly concerned people, "Show us what is right or wrong." Baloney. If a poor, dumb sign painter from Central Illinois can read and understand the rules, so can anyone else who cares to do so.

We have a choice. Either we meet the problem head on at the local level, or we can sit back and watch the status of bowling deteriorate.

Many things have been accomplished during the past year and real progress has been made. Nearly all will be included in committee reports and need not be rehashed now. Some, however, deserve special mention. A truly national seniors tournament will become a reality this May on our tournament lanes.

The Future Planning committee has been able to develop programs whereby the local bowling association data processing system has been made available to more associations at a reduced cost, thus freeing association secretaries from many of the tedious tasks presently required, and upgrading service to the membership.

It would be remiss, indeed, not to acknowledge the guidance and assistance extended by Ken Hurley, Roger Tessman and the staff in Greendale. Their expertise has helped me over many a rocky road.

My heartfelt thanks are expressed to Lowell Rothschild, Dayle Vannoy, Charlie Roesch and Ray Arnold, my predecessors who tried to prepare me for the task at the present.

Julian Johnson has been a source of constant support in his role as vice president. He, by the way, is also an

association secretary and I feel will make a fine leader. I pledge to him my continued support and help in any manner he sees fit.

In closing, it has been an enjoyable and most rewarding year. Thank you for allowing me the experience.

Now the report of the executive secretary-treasurer.

HURLEY: There are special times in everyone's life, and this is a particularly special time for me. The reason, of course, is that it is the last time I will report to the convention as your executive secretary-treasurer. And in doing so, I would like to make the most of this opportunity to challenge you, if you will, to stir you into facing the turbulent environment in which we live, mainly a transformation from an industrial society to an information society. We are in the midst of this change at the moment.

My challenge to you is to open your mind, to dare to be different, and yet maintain a steady course. The line which we used in our report from an old ballad, "Livin Ain't Easy and Dying Ain't Too" is particularly apropos to what I'm going to say to you today. And as one association executive put it in an article I read recently, "Associations like ours develop an inner tribe consisting of those people who serve as volunteers and leaders . . . As with any tribe, tension exists amongst the elders, incumbents and the new breed. The perspectives and insights of the elders are valuable, but their gaze often lingers on the past without due regard for the needs of the present or future. The incumbents are busy with the swamp and the alligators. They tend to operate, moreover, in the firm belief that nothing of any importance happened until they arrived, will happen after they leave, or ever occurs outside their particular areas of endeavor. The new breed upsets everyone, of course, with new ideas that imply criticism of both the elders and the incumbents. Still these new minds and energies are needed to give impetus to the growth and development required for the organization's well being."

This organization's executive wound up this portion of his presentation with "The trick, of course, is to have your change and stability too." These last words are most important because ABC must have its change and stability too. As an illustration, we have a number of members who are perfectly satisfied with the 30 to 35 week bowling schedules they are starting in September and finishing in April and May. But, there also are great numbers out there who are not satisfied with that and do not want to do this. We, therefore, together with the other integers of the game, must work toward a change to make something available for those who do not wish their seasons to be of that length.

There are those who are satisfied with our services and those who are not. ABC, and its strong link in the chain — the local association — must constantly look at our services to be sure they are facile and flexible enough to serve anyone who wishes to become a member.

At the same time, the stability of standards for the equipment used in playing the game and the standards for the rules must indeed meet the needs of tomorrow but must be maintained so that we have a game, a sport if you will, and not a race to see what kind of artificial aids can be provided so that you can get a high score whether you want it or not.

We must be attuned to the fact that America is aging — that there is and will be a shortage of young people — that there is a change in the composition of the labor force, and of the debate concerning the ending of the mandatory retirement age. All are factors to be considered because each has an effect on what we are doing.

The change from the industrial society to information society is causing us to reevaluate some of our services at the present time. The local bowling association data processing system is a start in coping with these changes.

As many people live longer and the populace ages, changing the labor force, which has been a large part of our membership, we must develop programs and services to suit the new lifestyles. This includes doing our part in helping provide recreation through bowling and making the sport more enjoyable.

As we pointed out in our report, the Young American Bowling Alliance is in a ready position to start the new season. All of the integers in the game have joined hands so that our sport may serve the youth of our country. But we cannot stop there. We must join hands with others in promoting our sport generally, particularly to the dwindling number of young people. We also must not lose sight of the overall promotions to tell all people about our great sport.

On the other end of the spectrum, the senior program is moving along very well. The first truly National Seniors Tournament will show on the lanes in this building. While the present format may not be the ultimate solution, we are on the road to a fine championships event.

To accomplish all of this, ABC and its local associations must be sound financially. They cannot be in a position where they have to cut back services, where they have to pinch pennies or where we forfeit leadership in the game. We recommend to you today the ABC dues be increased 27/100ths of a cent per day, a small price to pay for the enjoyment we derive from the game

Jack Otero (at the podium) conducted the legislative session at the 1982 ABC Convention in the Baltimore Convention Center.

— from the services we get from our national and local organizations, and for the difference in being able to provide better and more programs. Just being able to generally say: 'The money I pay for membership fees helps not only me but many others as well.' There is not an organization anywhere that provides for the membership dollar what the ABC and its local associations provide, anywhere.

It has been great to be a part of something, however small a part, for 30 plus years. That has been vital and active, to watch it grow in an amazing fashion during that time, stumble a little, and then continue to grow. To have dealt with a wide diversity of thinking, of opinion, and best of all, a wide diversity of people. To have helped weld this thinking, opinion and the recreation wishes of people into what I term the integrity of their organization, has been an enjoyable time. There have been many good times, some not so good and a few bad times, but that not only goes with the turf of being associated with an organization like ABC, but living as well.

Finally, I do not intend to steal away into the night, but I do intend to get out of the fast lane. I give you my pledge that I will work with your new leadership in every way possible to continue to better our organization, and will continue to challenge them, and dare them to be different. It has been an enjoyable 30 plus years. I hope the next 30 will be just as enjoyable.

PRESIDENT MOORE: Now, as an adjunct to the report of the American Junior Bowling Congress, the ABC Chuck Hall Star of Tomorrow award was instituted three years ago and annually honors an outstanding young man from the bowling community, one man out of the thousands who bowl. Candidates must display superior bowling ability and potential, good sportsmanship, high scholarship achievement and a pleasing personality to be considered. The winner then is truly exceptional.

The 1982 Star of Tomorrow fills all of those requirements admirably. A 19 year old University of California-Berkeley student, Richard Corona, has already made a name for himself. A member of both AJBC and YBA, he has been winning tournaments in both organizations for years, and is now adding collegiate bowling honors. Since his first league average of 100 at age seven, it has been a steady climb to his current 218. He has rolled three 300 games in three different bowling centers. He has bowled two 298 games and a high series of 801. Ricky has distinguished himself on lanes in 17 different establishments, testifying to his ability to adjust to conditions and to handle pressure.

Now I would like to ask Chuck Hall to escort the honoree to the podium and assist me in presenting this award.

CORONA: It's an honor to be here today. The Star of Tomorrow award is a high honor for me, as it is for all the junior bowlers of America. It's a symbol of achievement. I can't take all the credit for it. A lot has to do with my parents. They supported me all the way. Today is going to be something that I don't think I'll ever forget and it's been the happiest moment of my life.

PRESIDENT MOORE: Now the report from the AJBC by manager Charles Hall.

HALL: I think the Star of Tomorrow award today is especially appropriate as noted in Ricky's introduction. He has been both an AJBC and YBA member, and now bowls in the Collegiate Division, so it's rather appropriate to the situation of the moment.

I'm so excited about what is going on in the junior bowling field and with the new Young American Bowling Alliance program.

First of all this is my last opportunity after many years to stand before you and talk to you as a manager of AJBC. We do appreciate all that you've done for the betterment of the youngsters over the years. But today we stand on the threshold of a very new and exciting era for youth bowling. On Aug. 1, 1982, the AJBC/YBA and the ABC/WIBC Collegiate Division will become the YABA.

We have a great future before us and we must now determine to put forth even greater efforts on behalf of the boys and girls and young people regardless of the organization's name, regardless of the call letters that may be affixed to that name.

Just remember one thing. Boys and girls will be the same boys and girls on Aug. 1, they'll be the same kids playing the same game with the same needs and same desires as they were on the night of July 31. The kids will not change. They will be there looking for your leadership, your dedicated support and leadership that you have given to them under the AJBC banner.

We are in the stage of ready to go — well, not quite. We are getting there. Many things have to be accomplished, but great progress is being made in the preparation of the items that will be involved in the program. Over the years many of you heard me say my basic interest would be that it would be a program in the best interest of the kids. And, gentlemen, I'm pleased to stand before you this morning and tell you without any bit of hesitation whatsoever that I feel the program that has been developed under the YABA is an excellent one for the boys and girls. I am confident in my own mind it is totally as good as that which we offered in the AJBC and in many respects even better. I'm sure you will be just as pleased.

A few people said "I don't like the new name." I rather kiddingly said in some meetings, especially where there have been husbands and wives present, there probably have been occasions when the wife didn't care for her new husband's name either, but she took that name upon unifying with that gentleman, and it's now become a part of her. I think the same thing is happening in this regard. The name will become a part of us just as it has already for those of us who have been working very closely with the program.

I was at a meeting in Michigan a couple weeks ago and we had one man say 'I don't like the name. I don't like the word alliance.' I have a dictionary in my office that I refer to quite often and I looked up the word alliance. There was only one definition for the word alliance — ally. Then I turned to the word ally, and again there was only one explanation of that — united.

Today I think that the Young American Bowling Alliance is an appropriate name because come Aug. 1, 1982, we will have all young Americans who participate in our game of bowling united under one organization. And we pledge with you today our total cooperation, we will work even more diligently for the new program as we have for the two old programs, and with your same dedicated support, along with that from the women of the WIBC and BPAA, I am totally confident we can make the YABA the greatest youth sports organization in this great country of ours deserving of the young people like the young man you saw here a moment ago, Ricky Corona.

PRESIDENT MOORE: Now a summary of the committee reports by assistant secretary Roger Tessman.

TESSMAN: As Ken said, we will summarize the committee reports, but it is very important that you carry your reports back home and share them with your officers and directors. Also, in those instances where they have an application to league activity, we would truly appreciate your taking that message to the leaders.

Since you have heard updated reports on AJBC and the Hall of Fame from representatives of those two organizations, their reports are not included in this summary.

The Awards Study committee advises that it is continuing its study of the entire ABC awards program and that it has had much input in the field regarding the 700 series award and the new 150 pins over average three game series award.

Based on its study, the committee submitted two amendments. The first would limit an ABC member to one 700 series award per season. Your approval of this amendment, the committee stated, would place all high score awards in a one per season category.

The second deals with the new 150 pins over average award. Presently, an individual cannot qualify for this award if he qualifies for another ABC high game or series award. The committee recommends that the 150 pins over average award be issued even though a high game award was bowled in that series.

With regard to the 298 and 299 awards, input from the field would support these recognized in the present 11-in-a-row category. The committee feels, however, that this requires additional study and input from the field through staff contacts, jamborees and association meetings.

Our committee activities included a review of the design of all of the ABC chevron awards — the need for developing championship chevrons for state and local association senior tournaments — and the possibility of creating some new season award to be added to the award kit which goes to every league.

The Collegiate Division report centers on two major fronts this season: the growth and promotion of bowling on the nation's campuses, and preparing to become a part of the Young American Bowling Alliance.

The committee also advises that several new programs have been instituted. Included among them are the All-America collegiate bowling teams, and a pre-enrollment of college bound junior bowlers. Under the latter plan it will be possible to provide campus representatives with the names of graduating junior bowlers heading for various institutions. And if the graduating junior is headed for a campus where there is no program, an effort will be made to work through the bowler to initiate one.

The committee also expressed the belief that the shift in the Collegiate Division into the Young American Bowling Alliance will strengthen the ties between youth and college bowling because 50,000 graduating junior bowlers head for college each year.

The Education committee opened its report with a review and update on programs that have been compiled and utilized to date. The committee also reviewed a project proposed a couple of years ago to replace the present league secretary's kit and the material given to the president with booklets for those two offices. The committee recognizes this is an ambitious project because it would require revisions and reworking of existing forms, therefore, plans a cost study and the possibility of coordinating the effort with WIBC.

The committee also announced a plan for adddditional recognition for Service Award winning associations and explains how these associations can qualify for such extra recognition at five and 10 year intervals.

As they have in your businesses and families, spiraling costs have affected the ABC budget which is a reason why the Finance and Budget committee placed particular emphasis this year on ways to reduce costs over the long term. This included purchasing rather than leasing equipment, analysis of costs of a lane conditioning problem, instituting procedures to provide more effective control over the budget and managing our investments by using "float" to achieve maximum "stretch" of our cash flow.

The committee added that our administrative officers have adjusted staff assignments to postpone employing additional staff. The committee has reviewed this measure and is of the opinion next year's budget will have to provide for some staff increases to maintain the desired levels of services. The committee explained that much of the staffing pressures are due to the lane conditioning problems. The fact is that four departments — Awards, Rules, Research and Testing and Field Services — are seriously over burdened by this problem. The $60,000 deficit in budget would be much greater if hiring additional staff had not been postponed, travel expenses curtailed, and normal reserve provisions for films, international competition and publications had been delayed. The committee, therefore, concludes that not only is an ABC dues increase in order, but that in addition to its needs, many of your own associations also need a dues increase. For these reasons the committee endorses the dues increase proposed by the Los Angeles Bowling Assn.

The Future Planning committee reports that a large number of associations have converted from the team to the individual membership plan and that there are now 2,421 associations on the individual plan with only 362 associations processing on the team plan. The committee encourages those still on the team plan to give serious consideration to making the switch commencing with the 1982-83 season.

All of you know, of course, that effective Aug. 1, 1983 membership for the total organization will be processed on the individual plan.

Other encouraging developments reported by the committee are the increases in local associations which are self processing. There are now 131 such associations and they process over half of ABC's total membership. The committee feels that further development of a 5120 computer package which enables associations to process their leagues and retain membership files has played a significant role in bringing this about. The cost of the 5120 package and an outline of its functions is included in the committee's report and we would certainly encourage you taking a look at that.

The test program conducted this past season under which four associations maintain an inventory of ABC club awards for direct distribution locally has produced excellent results. The committee now advises that as the result of a meeting this week, the test will be expanded to include all self processing associations and complete details will be given to you on their program at the shop talk session tomorrow.

The committee has authorized a similar test program for four state tournaments this season to provide ABC club awards to state tournament for on-site presentation and we will report on the success of this program at next year's convention.

The High Score and Awards Review committee advises that late league sanctioning and improper lane conditioning accounted for all of the 441 cases it handled. The committee recognizes that late sanctioning is the fault of league officials, but urges associations to develop a followup system to assure leagues are sanctioned in a timely fashion. The committee report also contains recommendations for reducing the number of cases involving improper lane conditioning.

International Competition committee report covers the results of our participation in the 8th FIQ American Zone competition in Winnipeg, Canada last July 25-Aug. 1.

The players representing the United States came from a field of 24 men and 24 women who qualified for the U.S. Team Trials conducted last June in Milwaukee.

In other international competition, Jim Lindquist represented the U.S. in World Games I in Santa Clara, Calif. last July and two of our members competed for the U.S. in the 19th Annual Tournament of the Americas last August in Miami, Fla.

The 1982 ABC Tournament singles champion and high scoring nonprofessional member of the doubles champion will be eligible for this event next August.

Misappropriation of league funds, withdrawing from league competition without notice, and failure to pay league fees continue as the main cause for requiring the Legal committee to suspend members.

In 1970, total claims under the bonding program amounted to $71,000. Today it's not unusual that league shortages amounting to more than $100,000 are involved at just one of the committee's five meetings. The committee finds that the primary cause of league fund losses is that the president is too trusting, and so we must do more to educate the league bowler on insisting that proper fiscal reports be made each month.

On league arrearages, the committee is looking for ways to speed up the decision process. Currently in order to assure due process and avoid lawsuits as much as six to nine months go by before many of these cases are decided, and the bowler charged with the infraction may be bowling with a league and nothing will happen by reason of the time lapse. The committee, as is customary, includes a summary of all the cases it was asked to review since your last convention meeting.

The Legislative Study committee considered 21 amendments within the ABC Constitution, Specifications and Rules to determine if a proposal is workable, conflicts with existing rules or does not merit consideration by the board of directors and delegates.

The committee concluded seven proposals warrant convention consideration and returned 14 to the proposers. The proposers of the returned amendments were advised of the reasons for such return and of their right to resubmit the proposal with 100 signatures as outlined in our rules. A synopsis of each of the returned proposals along with the committee's reason for returning these to their proposers is included in your delegate book.

As previous reports of the New Equipment committee indicated, the compatibility of lane surface coating materials and dressings and their inability to withstand the heavy frictional force imparted by the sliding and rolling of the bowling ball remains the main objective of projects conducted in our testing and research facility.

These tests conducted over a three year period accumulated over 150,000 individual evaluations for dressing depletion and movement on lane surfaces. A portion of the study also evaluated friction reducing additives known as slip agents, added coating materials in an attempt to reduce the sliding conditions. The findings are now conclusive that liquid lubricant available to the industry does not provide the desired surface playing condition for an extended period of time.

As a result a project for the development of an optimum finish and/or dressing for use on the bowling lanes and establishment of easy and readily measured standards for finishes and/or dressing is being undertaken. The WIBC and BPAA have been asked to join us in the project and share in the overall funding of the program.

The committee also reports continued efforts to develop instruments capable of measuring the film thickness of lane dressings. One prototype device failed because of the inability to evaluate all materials on comparable basis, and another device of a different concept is presently being field tested. The study of bowling ball specifications and physical characteristics promised to you a year ago is continuing with the full cooperation of representatives of ball manufacturers. These studies are to determine if additional bowling ball specifications should be considered.

In other committee actions, it authorized an official scoreability test of a new synthetic lane surface and is considering issuance of pin permits to four wood core plastic coated pins as the result of official score tests on each of these pins this season.

The function of the Rules committee is to review amendments that have been deferred for study by the delegates to the previous convention, to consider the merits of the suggestion or rule amendment proposals and to determine if our current rules are clear and up to date with the changes in our game. This year the committee is presenting one amendment but has also approved an editor's note to be included in the rule book to clarify forfeiture games when an ineligible bowler is used.

The committee amendment proposes to change the rule in 10lh from ABC/WIBC Collegiate Division to YABA Collegiate Division due to the unification program which takes effect next season.

The committee looked at the problem of slow bowling and concluded this was a matter for the Education department to handle. You will consider this afternoon a resolution on that particular project which would authorize the waiver of certain rules so as to go on with the tests.

The problem of possible loss of scores because of malfunctions of automatic scoring devices also was reviewed, but the committee felt that we should not rush into legislation at this time.

Another problem confronting the committee was the matter of a notification of disqualification from a tournament being sent to a bowler after the payoff of the

ABC president Jack Moore (lower right) presented plaques to representatives of 24 local associations who earned Service Awards.

prize fund, thus taking away the opportunity of appeal. This has been referred to the Rules departments of ABC and WIBC for additional data to be reviewed next fall when the joint committee of ABC-WIBC meet.

The Senior Competition committee reports the 23rd annual ABC National Seniors Tournament will be held in the ABC lanes here in Baltimore. The 32 states will send 122 bowlers to compete for the titles, and the committee feels that this is a good start for this new type of National Seniors Tournament. The committee's long range plans looked toward an expanded senior tournament program at the local association level. When this materializes, it could provide the basis for sending entrants into the state senior tournament with the winners advancing to the national tournament. The committee concludes its report by advising that efforts are continuing to find a national sponsor to provide financial assistance for the program.

One last committee report, that being of the Site Selection committee which met here this Wednesday. It has awarded the 1985 ABC Tournament and Convention to Tulsa, Okla.

PRESIDENT MOORE: The chair will now entertain a motion to accept the various reports and make them part of the record. Joe Roboletto, Albany, N.Y., moves. Jim Lusk, Jamestown, N.D., seconds. All in favor say aye. Opposed no. So ordered.

In connection with our meeting this afternoon, there are committees which are necessary, one a Conference committee in case there are amendments to some of the amendments that must be studied. To that committee I appoint Bill Ward, Norfolk, Va.; Jim Chesser, Houston; John Beckner, Albany, Ore.; Henry Lapinski, Philadelphia; Max Skelton, Ada, Okla., and as chairman, Tom McKay, Detroit.

In addition, there is the Ballot committee, and as chairman of that, Harold Antrim, San Francisco; and to assist him, Gene Chilson, Miami, Fla., and John Wallace, Omaha, Neb.

Now a report of the Nominating committee by C. Dayle Vannoy of Lubbock, Texas.

VANNOY: At this time, with the indulgence and permission of the delegates, I have a request that we alter the order of the business as outlined in the program before the presentation of the Nominating committee report. It is my request at this time that we take action on proposed amendment number 4.

PRESIDENT MOORE: I have been advised by our parliamentarian it is within the province of the chair to change the order of the agenda, and I will therefore do so and ask Jack Otero, our legislative chairman, to take the chair and consider proposed amendment number 4.

OTERO: Would you please turn to page nine of your amendment book. While doing that, I'll review very briefly the procedures we follow during the legislative session.

We ask you to please go to a microphone, give your name and association or representation. We do alternate, that is if we have someone speaking for a motion, and then we are looking for someone to speak against the motion, unless there are no persons wishing to speak on one side. The motion or the order before the assembly is the motion of the board of directors.

Proposed amendment number 4 deals with Article 6, Section 11, paragraph 2, ABC Constitution, page 19 ABC Rule book. The substance of that particular amendment is to establish conditions under which a retiring executive secretary-treasurer of the Congress may be granted life membership. You will notice that the recommendation of the board of directors was to amend that particular proposal to make it effective upon adoption, and the recommendation of the board of directors as amended is for adoption. That's what you have before you, and it does take a two-thirds vote.

LEONARD MITSMAN, Cincinnati: Although most of the delegates in this hall hold the current executive secretary in the highest esteem, it does not seem proper to make this amendment for one specific individual and ignore other members that have worked hard for many years. This article and section calls for 20 years of service before being considered for a life membership. According to information that I have heard, there are and have been many directors of this organization that cannot attain 20 years service.

I hereby wish to make an amendment to change the 20 year requirement to 15 years. Seconded by John Andrichak, Nation's Capitol Area B.A.

OTERO: It is the ruling of the chair that the amendment is out of order in that it does not really come within the purview of the proposed amendment. The proposed amendment is directing life membership to a particular office, the executive secretary-treasurer, and, of course, the purpose of sending out the amendments in advance and having them studied and making recommendations, that all of us who come to the convention are prepared to discuss specifically the amendments or those matters contained therein.

It is the opinion of the chair that this is a substantial change, that it does not come within the narrow definition of proposed amendment number 4.

NELSON RAY, Baltimore, Md.: I challenge the decision of the chair. I feel your amendment speaks to one member of the board of directors. It is highly unlikely that a person being executive secretary may obtain that longevity as Mr. Hurley has. Your amendment is pointed to one man.

DUNCAN MACPHERSON, Albany, N.Y.: I speak in support of the ruling of the chair. I think the proper order for an amendment of this sort would be to have it submitted to the Legislative Study committee. Mr. Otero explained, I think very clearly, that he is not exercising a ruling on the content or on the amendment as such, but whether it is procedurely correct to amend in the manner that the delegate wishes to do so, and I think it is not. I think the resource is to submit this as an amendment next year.

THOMAS McKAY, Detroit, Mich.: I speak on behalf of the chair's position. I don't think that your intent changing it to 15 years has any bearing on proposed amendment 4. What you're submitting is something that would have a bearing on other people at other times. And with that I think it should be submitted as an amendment so it could be reviewed by the appropriate committees prior to coming to the convention floor.

MITSMAN: I'll call for the question on the appeal.

OTERO: The matter before you is the appeal from the decision of the chair to rule the proposed amendment out of order. It takes only a majority vote. All in favor of the appeal signify by saying aye. All opposed signify by saying no. The decision of the chair has been sustained.

Is there any discussion on the proposed amendment 4 as amended? There being no discussion, the matter before you will require a two-thirds vote. The motion is a recommendation for adoption of proposed amendment number 4 as amended. All in favor signify by saying yes. All opposed signify by saying no.

The chair is asking for a division. Do we have monitors?

All of those in favor of the motion of the board of directors please stand up. Would the no votes stand up? The chair rules that the proposed amendment number 4 has been adopted.

MOORE: Now we'll have the Nominating committee report by Mr. Vannoy.

VANNOY: Your committee submits the names of the following individuals as candidates for the various offices:

President

Julian O. Johnson, New Orleans, La.

Vice Presidents

1st — H. Wesley Bogle, Kendall Park, N.J.
2nd — William D. DeHaven, Kettering, Ohio
3rd — Paul O. Mohn, Silver Spring, Md.
4th — Joseph T. Dahl, Portland, Ore.
5th — Edward W. Sweeney Sr., St. Louis, Mo.
6th — Eugene E. Adams, Cincinnati, Ohio
7th — Max. D. Skelton, Ada, Okla.
8th — Boyd M. Pexton, Salt Lake City, Utah
9th — Henry J. Lapinski, Philadelphia, Pa.
10th — Thomas W. McKay, Warren, Mich.

Directors (one year term)

George E. Barnes, Norton, Ohio; James D. Beckett, Yakima, Wash.; Jerry L. Beltz, Anchorage, Alaska; John G. Birdwell, Ft. Wayne, Ind.; Dr. Chester W. Bixby, Erie, Pa.; Chris Brugnola, Jersey City, N.J.; Verrill F. Burgin, Toledo, Ohio; Paul L. Chaffin, Columbus, Ohio; William G. Chestnut, Springfield, Ill.; Thomas F. DeChalus, Deer Park, N.Y.; Walter E. DeLozier, Wichita, Kan.; Joseph F. Ferguson, Brooklyn, N.Y.; Richard W. Finke, Minneapolis, Minn.; Edwin W. Fisher, Houston, Texas; Robert W. Girts, Poland, Ohio; William H. Hall Sr., Chicago, Ill.; Pedro R. Hernandez, Billings, Mont.; James R. Hilliker, Woodland, Calif.; Hiroto Hirashima, Kaneohe, Hawaii; Charles D. Howell, Idaho Falls, Idaho; John J. January, Brentwood, Tenn.; Theodore M. Jaskie, Brown Deer, Wis.; Wesley G. Kidwell, Indianapolis, Ind.; Kenneth F. Knapp, Los Angeles, Calif.; Gerald L. Koenig, Shawano, Wis.; James T. Lusk, Jamestown, N.D.; Duncan G. Macpherson, Clifton Park, N.Y.; James M. Maher, Denver, Colo.; Wallace E. Matthew, Bay City, Mich.; Ted F. Melonis, Omaha, Neb.; Richard D. Merrill, Hudson, N.H.; Clifford R. Munson, Miami, Fla.; John R. Nevada, Rochester, N.Y.; Jack A. Otero, Santa Barbara, Calif.; Blase P. Palumbo, Buffalo, N.Y.; Joseph Paussa Jr., Syracuse, N.Y.; Walter R. Payment, Greenville, S.C.; G. Walton Roberson, Tucson, Ariz.; Stephan Robutka, East Hartford, Conn.; Lawrence Schafer, Macon, Ga.; John L. Settelen, Philipsburg, Pa.; Michael G. Shenesky, Zelienople, Pa.; Carroll L. Stonehouse, Grand Rapids, Mich.; James J. Sullivan, Chicago, Ill.; Kenneth R. Taylor, Richardson, Texas; Gerald F. Tessman, Maplewood, Minn.; Marvin H. Townsend, Kansas City, Mo.; David R. Tuell Jr., Tacoma, Wash.; Robert P. Turner, Willowdale, Ont.; William E. Vitense, Monona, Wis.; Glenn E. Weaver, Sunnyvale, Calif.; Max Weinstein, Louisville, Ky.; Dirk Wheat, Waterloo, Iowa; Bryant W. White, Odessa, Texas; Richard N. White, Jackson, Mich.; Calvin C. Whitmore, Moline, Ill.; Robert D. Wissmuller, Dearborn, Mich., and George Zeidell, San Diego, Calif.

Past President-Life Member

Jack C. Moore, Champaign, Ill.

Life Member

Lester H. Shirey, Fond du Lac, Wis.

Executive Secretary-Treasurer
(for a five year term)

Roger H. Tessman, Greendale, Wis.

PRESIDENT MOORE: Are there any nominations from the floor? The chair recognizes Mr. Vannoy.

VANNOY: It is my privilege individually and representing the Nominating committee to nominate Kenneth B. Hurley for life membership of this organization.

PRESIDENT MOORE: Seconded. Any further nominations from the floor? The chair recognizes Robert Wesolowski of Pittsburgh.

WESOLOWSKI: I place the name of Mr. Paul Sable into nomination for the position of director of the Western Pennsylvania area of the American Bowling Congress in opposition to Mr. Michael G. Shenesky. Seconded by Dominic Spano, Pittsburgh, Pa.

LOWELL ROTHSCHILD, Tucson, Ariz.: I have the honor of serving on the Nominating committee. Mr. Shenesky, Mr. Sable and others were interviewed last year when a decision of the Nominating committee put in the name of Michael Shenesky. There is obviously some dissatisfaction by the Pittsburgh association to that nomination, and they voiced that. At the invitation of Mr. Moore, Mr. Weslowski came to the opening of the convention, met with the Nominating committee, had an exchange, presented the facts that he has indicated to you, and this again was taken into consideration. The committee concluded that it was in the best interest of the Congress to renominate Michael Shenesky.

It would be unfair at this time, in our judgment and my personal judgment, to turn Mike Shenesky out of office because of the feeling of the Pittsburgh B.A., which seems to believe that this is their jurisdictional seat to the exclusion of anybody else.

PRESIDENT MOORE: Any other nominations? Seeing none, I declare the nominations closed. Now to explain the voting procedure, our executive secretary Mr. Hurley.

HURLEY: As you leave the room there will be ballot boxes at all the doors for you to vote. The ballot contains a circle at the top. To vote place an X in that circle. If you wish to vote, let's use Mr. Sable vis-a-vis Mr. Shenesky, if you wish to vote for Mr. Sable, place his name in the blank space opposite Mr. Shenesky. If you place it opposite anyone else, you do not vote for him

The man you vote for or any write-in candidate must reside in the area he is serving. You could not vote for a man from California to serve an area in New York, as an illustration. The ballot box will be open until 2:30 p.m.

PRESIDENT MOORE: This afternoon only delegates are to be seated in the three middle sections. Guests and alternates should be seated on the outside parts. Don't cause us and yourself embarrassment by being in the wrong place.

We have a man at microphone one.

RALPH HAYWARD, Nation's Capital Area B.A.: I request that you revise the agenda for this afternoon, take up resolution number 1 as soon as we start the legislative session. I believe this will be a controversial resolution and I would like to have it brought up with the full slate of delegates.

PRESIDENT MOORE: We'll consider your request. We'll reconvene at 2 p.m., the ballot box closes at 2:30.

(At 12:25 p.m. convention recessed.)

AFTERNOON SESSION

PRESIDENT MOORE: The chair recognizes Clifford R. Munson of Miami, Fla. with an expression of appreciation.

MUNSON: Baltimore holds a position that no other city in the United States can claim. It is hosting its first ABC Tournament but its second ABC Convention. This may sound strange, but we had to dig back into ABC history to discover this.

It was in 1900 that ABC conducted its first convention outside of New York City. At that time there was no such thing as an ABC Tournament. But that prestigious event was created at that 1900 convention.

Electric Park, an amusement park, hosted that 1900 convention. Now this beautiful Baltimore Convention Center is able to host both the tournament and the delegates' meeting.

The Greater Baltimore B.A. worked closely with the city fathers, especially the Convention Bureau, to make this visit a reality. Not enough can be said for the city of Baltimore, the way it has revitalized the community, especially in the downtown area. Its proximity to Washington, D.C. has afforded many of our bowlers their first chance to visit our nation's capital.

It seems to me that 82 years is too long a span between visits to this fine city. To the people of Baltimore, I can just say ABC hopes its next visit is much sooner.

PRESIDENT MOORE: Now we will begin our legislative session. And in order to do that, I'll turn the podium over to Mr. Otero.

OTERO: Our parliamentarian was not up here

before and I'd like to introduce Dr. Edward Leone.

HAYWARD: I requested a revised agenda, that we consider the first resolution as soon as possible.

OTERO: We can take these amendments up in any order we want. However, if anyone does object to that procedure, it does require a two-thirds vote. Is there any objection to taking that resolution out of line at this time?

There being none, that will be the order of business. That happens to be the amendment that appears next to the back page of the inserted sheet. The recommendation of the board of directors is for adoption, and Mr. Tessman wishes to speak to this resolution.

TESSMAN: Gentlemen, as you are all aware, slow bowling has been a problem in our game for many years. A great deal has been written about it. Much has been said about it. We've tried posters, we've tried educational efforts, and really not a great deal has been accomplished. We are advised from several sections of the country that the second shift league is almost nonexistent and the reason for that is the finishing time of the leagues is so late that many people simply cannot bowl.

As a result, a committee has been appointed with representation from WIBC, the proprietors, the equipment manufacturers and ABC. The purpose and function of this committee is to study the problem and to initiate some tests, and certainly the committee, which will be having another meeting in May, is open to suggestions with regard to the tests. Presently some of the tests that are being considered, and certainly nothing has been finalized, would probably require some deviation in the rules. This, of course, is the purpose of the resolution. If, in fact, the tests are being conducted in sanctioned competition, we would have to have the authority to waive or modify certain rules.

One test I might mention that is being considered would be to have the leadoff man bowl two frames rather than the present one frame. The second man in turn would bowl two frames, and so alternating until each player on the team had bowled two frames in that first appearance on the approach.

The committee's thought, and its purpose with these tests, is not to race the game and not to make people uncomfortable with the game but in reality to make the game more enjoyable. The goal would be for a five player team league to complete its scheduled activity in 2-1/2 hours.

The equipment manufacturers are taking a look at what might be done with some timing devices on the masking units whereby you would have x number of seconds in which to deliver your ball or there would be the possibility of losing the pin count or the opportunity to have pin count in that frame.

Another thought is a timing device which would be activated by the man coming off of the approach, and the man whose turn it was to bowl would have certain amount of time to get to the approach to take his frame. I want to repeat the whole thrust of this program is to study a problem which has been a very serious one and seemingly is growing worse. It is not intended to make the pace of bowling unduly fast. It is in fact intended to make the game more enjoyable.

OTERO: Does anyone wish to speak in opposition to the motion recommending adoption of the resolution?

HAYWARD: A motion such as this in order to entail the speeding up of bowling is not for the bowlers but for the proprietors. If you can't get five bowlers on the lanes and have them finish in 2-1/2 hours, you cut it down to four bowlers and have the bowling done in the same period of time.

Bowling is supposed to be fun, a friendly gathering of office mates or other groups of people who have common interests that wish to get together one night a week and enjoy themselves. I would like to have late leagues start on time, but not at the expense of a shot clock or a pro bowler format. I speak for our delegation, we are in opposition of this resolution.

OTERO: Is there anyone wishing to speak in favor of the motion for adopting the resolution?

McKAY: The committee only is asking for an opportunity to try to review this. We are not trying to set any rule changes, but we do need a resolution as such in order to put it out in the field in a test pattern.

The resolution only is asking for an allowance to waive rules that are presently in the book so they can be put out in the field and tested.

JOHN SIMANELLA, Cleveland: I recently bowled in a state tournament. I started singles and doubles at 3 p.m. and got finished at 7:15. The racks weren't working. What criteria are you going to use on the basis of that?

Number two, there are more handicap bowlers than better bowlers, and it's a social event. I bowl in four all star leagues and we are our own worst enemy, two lanes open on one side and two on that side. We have to police ourselves.

TED MELONIS, Omaha, Neb.: I think each of these gentlemen are giving their isolated circumstances and I'm going to do the same thing. My league was supposed to start at 9, this year we went to 9:30, and we are not getting on until 9:45. When it gets to 10, we are not going to bowl in that league anymore. There is nothing wrong with the study. I would suggest a vote to support the study.

Ken Hurley addressed the ABC Convention delegates for the last time as their executive secretary-treasurer.

RAY: Gentlemen, I'm confused. We sit here as an elective body, we have the ABC which we entrusted our fate into the integrity of the game. All we want to do now is try to test. I don't know any particulars of the test, but it is to see if they can speed up the game of bowling. We all know what we go through with slow bowling. Let's give them the chance.

NICK LAWRENCE, Nation's Capitol Area B.A.: I think there is one other thing that ought to be considered here, and that's the fact that looking here at the balance sheet of the ABC. We are talking about more surveys and more time spent looking into something else, and already we are over extending ourselves. We need to tighten it up somehow. There is more to be considered than just granting permission to have the resolution looked into. I mean, do you know how much it is going to cost? It should not be absorbed at the national level, because these are isolated cases. Why should everybody suffer?

HURLEY: There seems to be misinformation here. You talk about it being isolated. It is not. It is very general, and it is not only general in the United States, it's general worldwide.

I'm the chairman of an FIQ Rules committee. We just proposed, and it was adopted, a slow bowling rule which will be in effect for all of its tournaments. In international competition you'll get a flag if you are slow. You are to be ready and if the lane on the right is clear, proceed. You get a white warning flag the first time, yellow the second time, and the third time a red flag and lose that frame.

The reason for that is that it has taken four to five hours to bowl in the team event.

Let me tell you about our collegiate competition a year ago. Five man teams, four hours and 15 minutes for women, 15 minutes more for men.

It is a problem. You say put four instead of five. When you do that, you increase the cost 20%. You have to think about the cost. You are the ones that pay it.

All that this proposal is doing is trying to cope with a very serious problem in the game. It isn't trying, as Roger said, to speed anybody up or to make anybody uncomfortable, but certainly the lanes should not be empty while someone sits back and drinks a beer or someone runs across the street.

Now maybe nothing will ever come of it. Maybe a test will be finished and maybe it can be taken care of otherwise. But at this point in time jawboning hasn't done it. And I'm confident there isn't a person in this room, no matter what part of the country he's from, that can't cite you examples. The survey taken by NBC where there is near a 30% dropoff shows one of the greatest reasons was because of the fact that it was too long.

The late shift leagues are becoming almost empty, and that's a real problem to us.

FRED KRUSE, Cincinnati: I bowl in a 16 team league at 9:30 and it's true I don't get out until 12:30. On the other hand, I'm not interested in having bowling adopt a clock system like they have in professional basketball because I think it ruins the game. If you like the fast shots, that's fine, but if you want to be able to study, it takes a little longer for some bowlers to get up to the line and deliver the ball, they ought to have that time.

WILLIAM DeHAVEN, Dayton, Ohio: As a member of the committee that has done the preliminary study on this particular problem, I'm sure you'll find that many of the rules and probably all of the specifications in our ABC book were done as a result of testing. The resolution doesn't say that we are going to go halfway across the country and make everybody bowl fast. The resolution is only asking for permission to implement these tests across the various sections of the country. We are not going to go out and get 700 leagues, probably only one league. The cost has got to be minimal.

The equipment manufacturers are as interested in this as we are. They have worked at no cost to us and I'm certain that they will continue. Sure there will be a cost if it would become a reality and had to become part of the equipment. But we are talking about saving the game and saving members for the ABC, and I think we must adopt this resolution and allow this testing to begin.

JOE CLOVIS, Southeast California B.A.: I'm opposed for many reasons. I think this is a league problem, not a problem for the ABC to be taking care of.

GEORGE IDEN, Buffalo, N.Y.: I recall some years ago when the automatic pinsetters were introduced there was some panic about the slow bowling. There were times up in Chicago you had to bowl in 2-1/2 hours. About 30 years ago I saw a timing device in a large bowling center. They had some red and green lights and they were exciting the bowlers to get on and bowl faster. I was so nervous I just couldn't bowl.

I think we should do away with extra regulations and leave it to the proprietors because their business is to get leagues organized properly.

EUGENE ADAMS, Cincinnati: I'd like to speak in favor of allowing the study. Certainly most association memberships have dropped slightly as has ABC's. Most bowlers want to bowl on that first shift. Therefore if you try to attract new bowlers, they will have to go on that second shift, and I guarantee you new bowlers are not going to go on that second shift and get out at 12:30-1. They will not stay with the game.

HAYWARD: You have ABC rule 110a, order of bowling, and ABC rule 20, no unreasonable delay. Those should permit the leagues to determine how fast or how slow you are going to bowl. Whether you make it one, two or three lanes, that's a province of your league.

HERB ARNOLD, Eastern Long Island B.A.: I'm for the amendment with reservation only to the extent that I want to be sure that whatever survey is taken covers all areas including proprietors and bowling. I'm very much concerned that we find our lives regulated all too often and we don't want to put ourselves in the position of being regulated further on the lanes. However, I feel the survey should be made, but not slanted in one direction. If we are going to get a report, we want to get an honest report in all ways.

TESSMAN: I'd like to call to your attention there would be participation on the part of proprietors, and the leagues participating in this type programming would do so on a voluntary basis. Therefore, from a cost standpoint, cost would be minimal.

Our office receives numerous calls from our bowlers about the problem with slow bowling. If we can develop some program and get some answers, then we would have the material available to give to them. This is not a mandatory issue. Timing devices may not be the answer, but a possibility. There are other things to think about as well and if the tests suggested conflict with an existing rule, then we would be able to implement the tests through this resolution.

CLIFF LEEKER, St. Louis: A point of information. This is not a rule we are passing, it's just a resolution to try to improve the game, am I correct?

OTERO: Yes. It is a resolution authorizing the suspension of some of the rules during this test, but not changing the rule.

LEEKER: I think we should continue with the tests to try to improve the game.

BLASE PALUMBO, Buffalo, N.Y.: I would like to move the question. Seconded by Jim Chesser, Houston.

OTERO: We are simply voting on whether or not to terminate debate at this point and vote on the motion. All in favor signify by saying aye, opposed by no. Ayes have it.

You are now voting on the adoption of the resolution. All in favor say aye, opposed no. By your action you have adopted the resolution.

HAYWARD: Mr. Chairman, would you ask the nos to stand, please.

OTERO: I will honor that request. All of those who voted no please stand. The decision of the chair that that particular resolution is adopted stands.

Now if you'll all turn to page 5 in our booklet, we have deferred amendment number 1. This is in an unusual posture. You will note the editor's note states since the proposal was considered by the delegates at the last convention, the proposer has requested permission to withdraw the amendment. The board of directors concurs. This will require a majority vote only.

DON ROBERTS, Somerset County (N.J.) B.A.: I make the motion that the amendment be withdrawn.

OTERO: All in favor of the proposal signify by saying aye, opposed no. By your action you have permitted the withdrawal of the deferred amendment 1.

Page 7, proposed amendment 2 deals with Article 3, Section 6, ABC Constitution, page 22, ABC Rule book,

and in substance it permits limination of ABC and local association membership fees for individuals 70 years of age and over.

The recommendation is for rejection.

ROGER PILCHER, Nation's Capitol Area B.A.: I oppose the amendment, but for different reasons than those stated.

We in Washington are one of those isolated areas with only 55,000 members, one of them an ABC past president, a very prominent senior citizen. Upon discussion with him and other seniors, they don't feel that they should be treated differently. All they want to do is be treated equal.

JIM ELLIOTT, Sarasota, Fla.: I am opposed because we have several thousand senior citizens in our area, and if this is passed, we will lose approximately 20% of our membership, and I won't work for nothing any more.

OTERO: The matter before you is for rejection. That takes a majority vote. All in favor by saying aye, opposed no. By your action you have rejected proposed amendment 2.

Proposed amendment 3 on page 8 seeks to amend Article 3, Section 7, paragraph one and nine, Section 8, paragraphs one and four. Paragraphs three, four and five, summer leagues, team membership, pages 12 and 14, ABC Rule book.

The substance of this proposal is to increase the ABC portion of the dues by 50¢ and to authorize local associations to increase their local dues by the same amount. For associations on team membership, there is a portion of the increased authorization to both ABC and local association dues.

The recommendation is for adoption. This will take two-thirds. There is a presentation to be made on this amendment.

HURLEY: There was some question since this proposal was submitted by the Los Angeles Bowling Association about whether ABC needed the money. The ABC Finance and Budget committee at its July meeting agreed to submit a proposal for a dues increase which was the same proposal submitted by Los Angeles. The committee was happy to go along with their proposal as is always the case when both the committee and an association submit the same proposal. The Finance and Budget committee strongly support this proposal.

As all of you are aware, increased costs have been eroding the purchasing power of the dollar. In an organization like the ABC, with a fixed income level, cost savings programs are one of the ways to try to cope with the increasing costs. Over the past few years we have been implementing such programs. One was updating our Data Processing department and purchasing the hardware. By this move we have avoided the high cost of leasing equipment and this saving will carry on in the future.

Another was a postponement of hiring additional staff and the changing of staff assignments primarily because of the lane conditioning problems. As an example, Gordy Baker, ABC's western field representative, has been called into the home office for as much as a month at a time in this regard. This type of costs saving program presents problems in the daily work flow and in the turnaround time for providing services, answering inquiries, handling applications, et cetera.

The cost of material for ABC awards has been reduced so that no further savings can be effected there. Rather the cost of the present program without additions will rise about 12% next season. This is the result of the increase in materials and the anticipated number of scores bowled.

We have cut down on employe travel and have asked ABC board members to cover some assignments as they were closer.

To illustrate, ABC board members are now handling some jamborees on an alternate basis. This has helped us in two areas. One, it has effected savings, and two, it has given the members of the board exposure to the association people. The sharing of costs relating to the operation of the buildings, et cetera, with WIBC has been maximized so that further reduction if any will be minimal. These are the major areas where costs have been reduced as much as possible. There have been other cost saving programs implemented over the past seven years by each of our departments.

Therefore the bottom line is that we have reached the point where cost cutting is no longer an alternative without severely restricting or reducing services to members. To illustrate the points I have been making, we should emphasize that in the 1979-80 season direct services to members was 68% of ABC expenses. In the 1980-81 season, this percentage dropped to 64%. And in the 1981-82 season, it was budgeted at 63%.

This trend occurs because non-direct costs, such as building expenses, wages, fringe benefits, payroll taxes, to name a few, are fixed expenses.

In reality, the cost savings programs we have effected delayed the need for a dues increase until now. All of you I am sure are aware that there were postage rate increases of 33.3%. In addition, our real estate tax increased 19.5%. Health insurance increased 25.7%. And telephone rates increased 24.2%, all in the past year.

The consumer price index for the last three years

Delegates to the 1982 ABC Convention lined up to cast ballots during the luncheon break.

totals almost 35.2%, an almost 12% per year increase. During this same period, because of the programs we have discussed in this presentation, ABC expenses over the three years have increased less than one-half of the price index. During this time, ABC membership remained relatively the same.

As inflation continues, we can no longer exist under the present dues structure as we exist today. Let alone improve our organization and our services. Because now we must bear the full brunt of the consumer price index instead of being able to hedge.

A dues increase therefore is needed, not only to inject a new look into existing programs, but also initiate new programs which are anticipated by associations and members. In our opinion, we must maintain our present services and provide additional services if we are to grow. As an example, recognition for which the lower average bowler can qualify is needed. The Award Study committee authorized by this Convention is presently looking at the present services in this area as well as other ways to recognize accomplishments of our members.

To maintain tenpins as a sport, we must step up our efforts to develop additional bowling ball specification and the development of easily measured standards for lane finishes and/or dressing is a must. These will require research and development programs and, as an example, could result in entirely new finishes and/or dressings which of course cost money. Instructional items are sorely needed. Our local associations are constantly looking to us for information materials to educate the bowlers about ABC programs and the benefits of sanctioning. Many of our current brochures need to be updated. Over the years many capital expenditures have been sidetracked. This puts us in a situation where we need to replace or upgrade our equipment. Our inhouse printing operation is currently limited to basic jobs. We would like to get to the point whereby a greater percentage of our printing will be done inhouse, thereby reducing printing costs.

There is a need to expand the staff at the needed level to operate the office properly and we have to determine whether responsibilities should be shifted in order to provide better and more efficient services to our members. More importantly, though, we must maintain our salary structure in order to keep the fine employes we have together with remaining competitive in the labor market.

These programs plus retention of the present services will cost more money than will be received by the way of income. Without the dues increase then, these necessary programs and others would have to be delayed or abandoned which we cannot do and maintain ABC's position as the standards making body and the leader in bowling.

A need for a dues increase is further reflected in our depleted reserves. As shown on the screen, our interest income as a percentage of the membership decreased from 4.2% in 1980-81 to a mere .04% projected for the 1982-83 season.

We can look at a minimum cost increase of at least 10% just to remain status quo. The projected deficit therefore in 1982-83 could be close to $750,000. That is based on a vast reduction of interest income and increased costs all the way along the line. The situation is complicated by the fact that close to $1 million is needed in working capital requirements prior to the next season. The reserves of the Congress will be very low at that time with the projected deficits. The cash position of the Congress will be unsettling to say the least. The situation creates the reality that ABC would have to borrow a large sum of money at prime rate plus in order to meet its requirements and responsibilities in the 1982-83 season. All that we have said about ABC affects most local associations as well. In order to provide services for their members, they, too, need an increase. The majority of the costs for local associations for rent, awards, telephone, postage, supplies, salaries, et cetera, are all fixed as are those for ABC. All have increased in the same fashion as I have related to you previously. The information with regard to investments and reserves applies to the local association and the start-up costs are there. So that money is needed prior to the start of the season. Many associations need this assistance in order to keep their heads above water without providing additional services. We urge your support of this proposal.

CURTIS KNUCHEL, Cleveland: I'm looking at your balance sheet. Is there any way you can explain why we had $6,600,000 last year and after all added expenses we now have $7,400,800 more in one year, and you want to raise everything some more? How can we answer our bowlers?

PAUL MOHN, Silver Spring, Md.: I think that one thing we need to be aware of, there are two items in the financial statement. One is the balance sheet, the other is the operating statement. The balance sheet can be viewed as a picture in a particular point in time, and it changes immediately thereafter. You'll find that there are a lot of differences. You'll see the difference in the cash balances, in the general fund balance, for example, it's a minus $560,000 as of Jan. 31, 1982; it's a plus as of Jan. 31, 1981. You'll come down and see those differences and it's reflected by the things that happen in the operating statement.

The operating statement is what really tells us what is happening in terms of the cost and income of the organization. That is the item that you need to look at. We did not provide you with that and perhaps we should have. But in the balance sheet, you cannot say that you increase over a period of time. This is a comparison between two years just to indicate the relationship between the assets in '82 and '81. The same is in terms of liabilities and fund balances. As all of you know, your assets and liability items on the balance sheet always balance.

AL ZEH, Nation's Capitol Area B.A.: The questions seem to involve the Congress' deficit from the prior years and projected deficit not only this year but next year. I'd like to know why we as a delegation were not provided with an income and expense statement which would tell us where the money is going and where the programs may or may not be going?

BOB KEMP, Richmond, Va: I'm having a hard time kind of understanding big figures like the millions. I can understand things down in my medium sized association. I personally had a 20% increase in postage, an 11% increase in telephone and an awards program that we wish to continue but I'm finding that in the past six years it has gone up 300% in costs. We think we have a very fine 700 award that increased 300% in two years.

All I can do in my own little mind with the figures you're speaking about is multiply tremendously with what it costs and undoubtedly it must be costing ABC percentagewise that much more.

If you're having the same problems as we are having in our association, if we are to continue the membership service that we think we can provide very well for our members, we will be out of business in six months if we do not have some kind of means of either reducing the costs or getting an increase.

We from Richmond are in favor of the proposal.

BILL OSTRUM, Philadelphia: My delegation has talked about it and our opinion is that this should be deferred for another year. We feel that the ABC is spending money in too many directions, not directly for Joe Bowler.

PALUMBO: ABC asked for a dues increase five years ago and promised not to increase and hasn't. I experienced the same kind of conversation with our delegates back home for a dues increase and things are just a lot more expensive. We need it in Buffalo and I think all of us need it.

This is a non-profit organization, and hopefully this will come back to you and we won't have to curtail services, because you can only operate on what you have.

KRUSE: I don't think we should turn this down simply because we don't have these actual figures line by line. There isn't a man in this room that doesn't know everything he's buying is costing more money. Everything is going up. I don't think we can deny the men in the ABC who have watched this thing. None of this money goes into their pocket. It's a question of if they don't have the money they can't operate the ABC, and I believe we should pass this, even with the lack of those budgets for the current year and the budget for Aug. 1 1982.

ED HELMLE, Eastern Long Island B.A.: I make a motion to defer it until the ABC furnishes each association with copies of the P&L statements and the budgets. Seconded.

OTERO: Mr. Hurley would like to speak.

HURLEY: The reason I rise here is because the statement is made you didn't receive the information. I'm merely here to correct that — you did. The fall issue of **Bowling** magazine contains a financial statement. This annual report that we send out after the fiscal year goes to every delegate, every association, contains the full financial report. That's a misstatement.

HAYWARD: To defer is to delay. To delay is to put us further into debt. So we would like to see this motion brought before this convention today.

DICK MAYBERRY, Rochester, N.Y.: We came here today bound, unfortunately I think, to vote against this because we have a rule in Rochester where we review these in advance and our directors direct us in the manner we are to vote. We are bound to vote against, notwithstanding I am personally satisfied based on information I received today that it should be passed.

RAY: We should handle this at this time. ABC needs the 50 cents now. Let's act like the delegates that people send us here to be and taken action today.

OTERO: All in favor, signify by saying aye, opposed the same sign. By your action you have defeated the motion to defer. Now we are back on the original motion.

HAYWARD: I would like to call for the question on the original motion. Seconded by Ben Orlando, Houston.

OTERO: All in favor to terminate debate, signify by saying aye, all opposed by saying no. By your action you have called the previous question.

Now what you have before you is the recommendation for adoption of proposed amendment 3. All in favor signify by saying aye, opposed signify by saying no.

I believe this will call for a division.

Whenever the motion is for adoption, it requires two-thirds because it takes that to amend the bylaws. Whenever the motion is for rejection, it only takes a majority since that is less than the two-thirds. When we are seeking to adopt, it means we are seeking to change.

All those in favor of the motion of amendment 3 please stand. All those opposed, please stand.

Gentlemen, the count shows 759 yes, 220 no, a total vote of 1,113. 674 were required for adoption so you have adopted proposed amendment number 3.

HAYWARD: Every time we have a dues increase we have the same type of argument. It would behoove the board to be more prepared with answers for rationale on a dues increase.

MOHN: I appreciate the comments and requests that the delegates requesting more information raised. At the July meeting of the Finance and Budget committee, we will be placing that on the agenda for the purpose of providing all of you with more information including profit and loss statements, or, in other words, the operating statements on a periodic basis.

OTERO: We have dealt with proposed amendment 4, so now we are on proposed amendment 5 which appears on page 10 of your book.

The section involves ABC equipment specifications, bowling ball specifications, page 41 of your ABC Rule book. In substance, allow removeable device in the bowling ball to change finger and thumb size and span, provided the device is constructed of transparent material.

The recommendation of the board of directors is for rejection.

TED WINGER, Los Angeles: I'm speaking in favor of this amendment. It stipulates clear plastic. It is clearly visible, meaning any holes you would put into the device would be clearly visible. If you took the device out, you have a better view of the inside of the ball than at the present. You can remove it in 30 seconds. This plug will help the game. I urge you to adopt the rule.

EDWARD W. SWEENEY SR., St. Louis: Approximately the same amendment was brought in two years ago and was rejected by the delegates at the convention. The New Equipment committee studied this amendment, has viewed the device and we still believe that there's just a great possibility for alterations in the bowling ball. We do believe that there could be delays in the game, and this rule appears to be written for one specific product. And as stated in the amendment book, we have never approved one particular pin, ball or lane surface, so the committee feels this amendment should be rejected.

HAYWARD: I call for the question. Seconded by Ted Jaskie, Brown Deer, Wis.

All in favor to move the previous question signify by saying aye, opposed no. By your action you have moved the previous question. What you have before you is a motion to reject proposed amendment number 5 which takes only a majority vote. All in favor of the motion to reject signify by saying aye, opposed no. By your action you have rejected proposed amendment number 5.

Proposed amendment number 6, page 11 of your book, the equipment specifications on weight size, paragraph 3, item 2 of the ABC Rule book, and this would place a 1-1/4 inch limitation on size of balance hole in bowling ball. The recommendation of board of directors is for adoption.

There being no discussion, all in favor of the motion for the adoption of proposed amendment number 6 signify by saying aye, opposed no. By your action you have adopted proposed amendment number 6.

On page 12 we have proposed amendment number 7. Again it affects the ABC equipment specifications. At this time paragraph 10, page 37n ABC Rule book, and this would delete requirement that installers and resurfacers of bowling lanes file written reports with the ABC executive secretary-treasurer. The recommendation of your board of directors is for adoption. Is there any discussion?

There being none, all in favor of the adoption of proposed amendment number 7 signify by saying aye, opposed no. By your action you have adopted proposed amendment number 7.

On page 13, proposed amendment number 8. This concerns ABC Rule 51, individual awards, page 60, ABC Rule book. This would include 299 and 298 games and 11-in-a-row category. The recommendation of your board of directors is for deferral until the next annual meeting of the Congress to allow time for further study.

I understand the proposers of this amendment, the Greater Pittsburgh Ten Pin B.A., have no objection to the deferral. Is there any discussion?

JERRY TOLLE, Tucson, Ariz.: I would like to make a recommendation that we proceed with a vote and we eliminate the 298 and 299 awards which really, as the statement originally said, is a glorified 11-in-a-row.

I think it makes no sense to honor a score which in fact is not an honor score.

DAN CARLS, Baltimore: I agree with the deferral. We need more information. I would be greatly interested in statistics concerning the increase of awards but decrease in bowlers. Also in what age group and what average groups earn 298 and 299 awards.

RUSTY POPE, San Antonio: We proposed the motion earlier and then substituted this one. We want to vote on the original motion.

WESLOWSKI: I don't think anybody will argue one way or another that 299 and 298 are not really award scores, considering the percentage of increase in 300s. Nevertheless the second portion of your rationale was not only the deferment or the elimination of these awards, it was the intent to improve the 300 award.

MAX SKELTON, Ada, Okla.: The Legislative Study committee studied four different proposals to eliminate the 298 and 299 awards. All four had different things that they thought ought to be done with the money.

One of the reasons we selected one of the amendments was with the idea to obtain a deferral to give us time then and a direction to study which of the four possible things might come out, if any. We need more time to know what we are going to do with the money that is accumulated from this change, if it passes.

OTERO: What you have before you is the motion to defer. All in favor signify by saying aye, opposed no. The majority vote was for deferral of proposed amendment number 8.

Proposed amendment number 9, ABC Rule 51 individual awards, page 60 ABC Rule book. This would provide for one time recognition for 700s each season. It is recommended for adoption.

BILL SCHWARTZBERG, Westchester County, N.Y.: At the onset of the 1981-82 season, our association prepared a large poster which was distributed to all bowling establishments in our area showing the ABC awards program and our own awards program. A copy of that was sent to Greendale and we are very proud that we did receive a commendation for the manner in which it was presented to the bowlers.

In mid-season we suddenly found that 700 patches were reduced in size. We are in the process of reducing awards in number and in intrinsic value.

Joe Bowler sees awards, he does not see services. True, we wish to offer those services, but he recognizes awards.

Additionally we have always had the advantage for compilation of a man's bowling accomplishments. That also would be eliminated if this program were to go into effect.

It's been acknowledged on this floor, and I don't think there is any argument, that changes in lane dressing regulations have been the major cause of the increase of honor scores. Now we are faced with even further cutbacks in the recognition of those scores. I move for deferral for further study. Seconded by Bob Bietsch, Westchester County, N.Y.

OTERO: The motion to defer for further study requires only a majority vote. All in favor of the motion to defer for one year signify by saying aye, opposed no. The motion to defer is defeated. Back to the motion for adoption of 9.

MITZMAN: Our members discussed this amendment prior to the convention and covered most of the points discussed by the previous gentleman. I question if this is going to be cheaper in the long run to award more than one 700 award a year and it is going to be checked out whether I got one or not? It's liable to be more expensive to check it out if he got one rather than to send him one and get it over with.

SKELTON: I wish to answer a couple of the objections that were raised. Pertaining to a record, the application for a 700 award would be forwarded to the home office as usual. There would be an addition to this application that says "Is this the first one this year?" or something to that effect. We really do believe that the honor system of this will work, that 95% of the bowlers when they get their second one will not apply for the patch. If it doesn't work, they'll get the extra patch.

I want to refer to the award change in midstream. We changed the size of the patches because we would save 10¢ a patch. Multiplied by 110,000, this is a significant amount of savings.

So I would support very strongly that we adopt this and trust the bowlers to regulate whether they get one or 42.

LOUIS WILSON, Akron, Ohio: Our board voted to reject this amendment, not so much on its intent, but the language. It is put together in two paragraphs which separate the 700s from the second paragraph. The last sentence identifies the fact that ABC will recognize a second, third or fourth 299 or 298, but does not say so for the 700s. A clarification of that would be in order.

In addition, we feel that if it isn't recognized, apathy could set in and we would lose touch with information that is necessary for local, state and national hall of fame research.

ED GACKLEY, Birmingham, Ala.: In researching records and printing the information in our yearbook every year for a 700 award, I have found in the past five years that approximately 85 to 88% are receiving the second, third, fourth, fifth, six and 10th 700 awards. This is not necessary. They don't need all those patches. A simple letter of congratulations or certificate from ABC would suffice.

The effect of cost savings also can go into the awards program or in another area that you desire.

TONY SMITH, Baltimore: I can't see the rationale of giving more than one 700 award. The 800 series, which is more of an accomplishment, is honored only once a year. So why not make it the same for the 700 which is definitely easier.

DON GATES, Syracuse, N.Y.: The time has come to make some sense of these awards. I myself have probably got two cigar boxes full of 700 awards. I don't wear any of them, nor do any of my fellow classic league bowlers wear them. The awards themselves have no meaning, that's why they are not worn.

The awards should be established to recognize an alltime high, then it would have some meaning. If ABC provided patches from 700 to 799 and, for example, gave somebody a 721 patch then didn't give another until he shot higher that person would want to wear that patch. The 700 patch is meaningless and once a year is even more meaningless.

VERN KUETEMEYER, Champaign, Ill.: I call for the question. Seconded by Don Hill, Denver.

OTERO: This takes a two-thirds vote. All in favor to move to previous question signify by saying aye, opposed no.

The matter before you then is the recommendation of adoption of proposed amendment number 9 which does take a two-thirds vote to pass. All in favor signify by saying aye, opposed no. By your action proposed amendment number 9 has been adopted.

On page 15 you have proposed amendment number 10. This concerns ABC Rule 55, special awards, page 61, ABC Rule book. And this is the one that would allow a member to qualify for 150 pins over average award and high game award for the same three game series, and it is recommended for adoption by the board of directors. Any discussion?

DOUG UHL, Wayne, Mich.: I speak in opposition to this on information basis mainly. Am I to understand that if a bowler qualifies for this award and bowls a 700, he is not eligible for 150 over?

OTERO: That's correct. He's not eligible for two series awards. He is eligible for one series award and one high game award in the same series.

UHL: We are creating a basis against a man who has a 185 average or more as he cannot qualify for the 150 over average if he bowls his average plus 150.

OTERO: That's correct. You can take your choice of the 700 or 150 over. If you happen to bowl a 298, 299 or 300, you would get the high game award along with the series award.

UHL: You have a choice then?

OTERO: Yes. There being no further discussion, the matter before you is the recommendation of adoption of proposed amendment number 10. All in favor signify by saying aye, opposed no. By your action you have adopted proposed amendment number 10.

Proposed amendment 11 affects ABC Rule 101B sanctioning requirements, page 63 ABC Rule book. The substance of this is to change the grace period allotted for both winter and summer leagues from 42 to 21 days, respectively, to 30 days. The recommendation is for rejection by the board of directors.

HAYWARD: Can we get some clarification as to why they recommend rejection?

OTERO: It's in your book. Two years ago ABC and WIBC conducted a joint survey which revealed ABC had a higher percentage of leagues sanctioned than WIBC within present grace periods. Reduction in grace periods would result in fewer leagues being sanctioned on time, thereby reducing membership benefits including bonding coverage and high score award protection provided leagues by ABC. To summarize, the reason

for rejection is it would result in greater personal losses to bowlers and also losses of some high score awards.

JOHN HALFERTY, San Diego: As proposer of this resolution, I appeared before the executive session Tuesday with high hopes and enthusiasm.

I left with by sabre badly bent. I decided not to give up the fight. In that session, a proposer is given no opportunity for rebuttal. I regrouped to assemble additional statistics and straighten my sabre. Earlier you were told 14 of 21 proposals were returned to the proposers. It is my firm belief that this proposal had to have a significant amount of merit to be placed on the agenda, otherwise it would have been returned to me with reasons why.

The study referred to in the brochure was conducted five years ago and updated two years ago. Based on present economic conditions, any study taken two years ago is obsolete. Last year the Congress reported approximately 143,500 leagues of which 63% were mixed. Five or six years ago this figure was probably 50%. It is my feeling that before this fiscal year is over the figure will reach two-thirds of all leagues being mixed. Many couples have curtailed individual leagues and joined mixed leagues. This is now their night out as a result of economics. The study reported more WIBC leagues were late in sanctioning than ABC leagues. I feel this is a result of the inequity in sanctioning times. Many of the mixed league secretaries felt that 42 day grace periods was for both organizations.

We recognize some leagues do not sanction within the 42 days. The majority of these would be late if you gave them 60 days. If a secretary needs more than 30 days to collect cards and fill out a sanction application, something is wrong. I know of 30 and 40 team leagues that sanction in seven to 10 days. Why can't a 10 team league sanction in 30? It was suggested it might be more feasible to wait a year and inform the bowlers it may transpire. If that were the case, maybe we should do it with all rule changes.

In discussion following the Tuesday meeting I was informed this amendment may cause a problem for associations that are changing from team to individual membership plans. I have always been told that the Congress attempts to employ rules for the majority, not individual cases. In your folder is a report from the Future Planning committee indicating only 362 associations out of approximately 2,800 are processing under the team plan. Of this number, 266 associations consist of less than 10 leagues each. The other 96 associations have 11 leagues to 600. I attempted to obtain a percentile of our total membership on this basis on my pocket calculator and it printed too small to calculate. Many secretaries do not pay attention to the rule book and feel they have 42 days. Wouldn't it be simpler to be able to tell all secretaries you have 30 days to get your sanction in?

The WIBC has a great problem in that many secretaries feel they have 42 days to sanction the WIBC portion also. That is not the case. In that regard a similar proposal has been submitted to WIBC for introduction next month at its convention, provided this amendment is approved by our council of delegates. I am sure our local association directors would be extremely diligent in their efforts to assist the leagues in getting their job done. From what I've seen from the directors in associations other than my own, I'm sure they would do the same. Every effort is being made to bring the rules of ABC and WIBC in concert.

For these reasons I urge a yes vote on amendment 11.

DeHAVEN: I would like to correct a couple of statements Mr. Halferty made. Number one, a similar amendment is going before the delegates at the WIBC convention, but it's not based on what happens at this convention. Number two, the WIBC board of directors is recommending rejection of that amendment.

PERRY BROWN, New York City: I'd like to speak in opposition to the proposal. Quite frankly coming in here today the only reasons I had to oppose it were the reasons put forth by the ABC board which I thought were sufficient. However, this morning I had a conversation with a fellow local association official asking me some totally unrelated question and it brought to mind another reason. I'd like to put before you a hypothetical situation which admittedly may be somewhat isolated but it does present a problem.

Let us assume that a president of a bowling league which has been established attempts to sanction and is doing his job by going to the bank during the first month of the league and verifying his league's account. Let us assume also that he goes late in the month, say 20-21 days after the season started and he finds there is no money in that account. The secretary has not submitted the sanction to the local association office. Now if we go to a 30 day grace period and the president has waited nearly a month to verify that account, he is not going to have very much time to get a new set of sanction materials and get his sanction in within that grace period that the league will be covered by the bonding coverage. A 42 day period gives the president who has done his job within that first month approximately two weeks in which time to get new materials, get them back to the league, advise the league of the situation, and get that sanction in on time so that the league can be covered under the bonding, and I think that should be considered in voting on this proposal.

OTERO: There appearing not to be any further discussion, what you have before you is a recommendation for rejection of proposed amendment 11. That will take only a majority vote. All in favor of rejection signify by saying aye, opposed no. By your action proposed amendment number 11 has been rejected.

Proposed amendment number 12 which affects ABC Rule 101h, league membership, paragraph 1, page 625, ABC Rule book. It changes where it says ABC/WIBC Collegiate Division to YABA Collegiate Division. The recommendation is for adoption by the board of directors. Any discussion? What you have before you is recommendation of adoption of proposed amendment 12. All in favor signify by saying aye, opposed no. By your action you have adopted proposed amendment 12.

Proposed amendment 13, page 18 in your book, concerns ABC Rule 115a, scoring, page 72 ABC Rule book. This will in substance change scorebook to captain's sheet and further define conditions under which errors in scoring and calculation can be corrected.

What you have before you is a recommendation for rejection by the board of directors.

DR. ANTHONY LEONE, Cleveland: Mr. Smith, in his proposal, has addressed one of the association's problems wherein a bowler fails to correct a scoring error before a game is completed now required by the present rule, but elects to take the telescore home, in all honesty finds an error and wants it corrected now after it's taken home. This new rule makes removal of the telescore an automatic no change in the score by anyone.

MAX WEINSTEIN, Louisville, Ky.: The proposal, in my mind, alters existing policy outlined in Rule 32 which indicates no time limit for obvious errors. Presently if an obvious error is detected, they must correct it immediately. The new rule would not allow change if the scoresheet had been removed from the bowling center, whether obvious or not. Also the scoresheet could be altered in the bowling center and therefore provision to not correct scores when a scoresheet has been removed from the center does not accomplish the desired purpose.

KRUSE: Our delegates have discussed this matter prior to this meeting today and, in accordance with their wishes, I move for deferral of this for one year for further study. Seconded by Louis Frausto, Houston.

OTERO: What you have before you now is a motion for deferral of one year for further study. A majority vote will carry. All in favor of the deferral signify by saying aye, opposed no. By your action you have defeated the motion to defer for one year for further study.

What you now have before you is a recommendation for rejection of proposed amendment 13. It requires a majority vote. All in favor signify by saying aye, opposed no. By your action you have rejected proposed amendment 13.

Proposed amendment 14 concerns ABC Rule 204, page 74 in the ABC Rule book. It would allow a state association tournament the option of conducting either a four man or five man team event. The recommendation of the board of directors is for adoption.

There appearing to be no discussion, this will require a two-thirds vote. All in favor signify by saying aye, opposed no. By your action you have adopted proposed amendment 14.

Proposed amendment 15, page 20, scheduling of doubles, page 85, ABC Rule book. This would expand the rule to allow change in the order of bowling doubles event where three or more doubles teams are scheduled on a pair of lanes. The board of directors has recommended adoption.

There appearing to be no discussion, this will require two-thirds vote. All in favor of the adoption signify by saying aye, opposed no. By your action you have adopted proposed amendment 15.

There are two resolutions, one of which is published on the back page in your book. It was submitted by the New Equipment committee and is the same resolution you passed since 1977, allowing the Congress to continue to research the problem of lane dressing, to implement rules with regard to that subject to your voting and approving of those rules at the following session. This resolution can be adopted by majority vote. All in favor signify by saying aye, opposed no. By your action you have adopted the resolution.

There is a final resolution distributed to you on a separate piece of paper. It has to do with the amendment of the articles of incorporation, and Mr. Hurley would like to explain the reasons for this resolution.

HURLEY: In the convention booklet you received a proposed amendment to the articles of incorporation and the reasons therefore. This was brought about by some changes in some court decisions. Our attorneys recommended that it be put before you, and it merely adds to our articles that are covered in the procedures covered in Article 10, Section 4 of our Constitution, that the corporation shall have the power to make contracts and guarantees to indemnify and surety and exercise all corporate powers enumerated under the Illinois general not for profit corporation act. We are incorporated in Illinois and have been since the organization was founded. And our legal counsel tells us we need to have our articles of corporation contain these words.

OTERO: This requires a two-thirds vote to pass. All in favor of the adoption of the resolution amending the articles of incorporation signify by saying aye, opposed nc. By your action you have adopted resolution amending the articles of incorporation.

That, gentlemen and delegates, will conclude the legislative session, and thank you very much for the courtesy extended to the chair.

PRESIDENT MOORE: Thank you very much, Jack. Now for the resolution concerning the National Bowling Council. To present that, Paul Mohn.

MOHN: Whereas, the delegates in annual session at the 1981 ABC Convention authorized an amount not to exceed $250,000 to be made available to the National Bowling Council for the 1982-83 fiscal year upon approval of the board of directors, and

Whereas, the ABC, WIBC, BPAA, AMF and Brunswick have each committed an equal amount for that season and annually to the NBC Promotion fund, and

Whereas, this promotion fund has greatly enhanced the sport of bowling with the general public, and

Whereas, noticeable progress has been made in the game and in ABC membership, and

Whereas, because of the necessity of long range planning which often requires the allocation of funds more than one year in advance,

Now, therefore, be it resolved by the delegates in annual session at the 1982 ABC Convention that upon recommendation of the Finance and Budget committee and approval by the ABC board of directors, an amount not to exceed $250,000 may be made available to the Council during the 1983-84 fiscal year, providing WIBC, BPAA and the two major manufacturers make equal contributions during that fiscal year.

This is recommended by the board of directors to these delegates, and, Mr. President, I so move. Seconded by Jerry Ludwig, St. Louis.

PRESIDENT MOORE: Any discussion?

VOICE: Mr. President, I am wondering for the last nine years the three organizations have put $750,000 into the NBC, do we as delegates have a right to know the operating budget of the National Bowling Council? And I would like to ask how much money did we contribute if it's up to that amount last year before we pass the resolution to give them any more.

HURLEY: Yes, we do get a financial report. A representative of ABC serves on what is known as the operations committee of NBC which is the budget committee. We have copies of the budget of all expenditures. We contribute the full $250,000 every year.

As an illustration, about $90,000 will be spent for the National Collegiate Tournament. Money also is spent on advertising. An advertising committee, again with your representatives, either Roger Tessman, Max Skelton or myself, sits on and supervises the spending of that money together with the representatives of the other integers. The financial report is sent to each organization. It is not disseminated down. It certainly is public. If anyone wants to see it, we have no quarrel. There is nothing to bar us from sending it to them.

VOICE: I don't think this resolution need be just passed surreptitiously. I don't say NBC's stuff is bad, but we don't know where it's going. I know in our association we don't get any benefit in the middle area of the country for this $250,000.

HURLEY: I disagree, of course, completely with money going down the drain. It is spent for the promotion of the game. The NBC got us our sponsors. If it wasn't for the Bowling Awareness Program, we would not have the sponsors for our Masters event that we have. That's directly attributable to the NBC.

I could go on and on. But let me say to you I can go right back and bring Frank Baker up here, and Al Matzelle up here, my predecessors, and I suspect they would say the same thing. That money spent in NBC is well spent in promotion of the game. It has come back to ABC, maybe not specifically to Detroit at this time or Los Angeles at this time or New York at this time, but has come back to ABC over and over again.

MOHN: One of the questions that the gentlemen raised is a sensitive question and one which I feel he deserves an answer, and that has to do with whether or not there is duplication between the efforts of the ABC and the NBC.

Each year at our budget session of the ABC when we review upcoming projects, we ask that question and determine to our own satisfaction that funds being expended for projects within ABC are not duplicative of projects being conducted by NBC. The same is true with the American Junior Bowling Congress, of which I sit on the executive committee. So we do, indeed, take a look at duplication of effort.

JOHN SPATA, Eastern Long Island, N.Y.: Speaking as a proprietor, every time we send into the NBC for a financial report we get a piece of paper with a circle. 3% for this, 5% for that, 30% for this. Why can't we get an actual report when requested?

PRESIDENT MOORE: Mr. Hurley says if you write to him he'll give you a report. He doesn't know why you can't get one from the proprietors.

You heard the question. All in favor signify by saying aye, opposed. The ayes have it. So ordered.

We do have the results of the election. 1,210 delegates registered and 89 directors for a total of 1,299. 1,186 cast ballots, five ballots were spoiled. Of the 1,181 correct ballots, 1,033 voted for the slate as presented, 148 cast a vote for Paul Sable.

So by that action, you give me the pleasant duty of introducing some new directors.

First, will the new vice-president Tom McKay of Detroit please come forward.

McKAY: I just want to thank the delegates for their support. I certainly pledge all of my efforts to the goals of the Congress.

PRESIDENT MOORE: Now the directors. First, from Shawano, Wis., Gerald L. Koenig. From Jersey City, N.J., Chris Brugnola. From Kansas City, Mo., Marvin H. Townsend. And I saved this one for last because this is the fellow that's going to have to answer all the midnight phone calls that I've been answering for 23 years, from Moline, Ill., Calvin C. Whitmore. We have two who were elected who are not present, Jerry L. Beltz of Anchorage, Alaska and David R. Tuell of Tacoma, Wash. Jerry Beltz is bowling.

VANNOY: I would like to thank the delegates who have stayed with us for this presentation.

It gives me great pleasure to be in a position to pass the past president's pin along to Jack that I know he's been seeking for some 22 or 23 years.

I will say this, Jack, you've been a great leader. You were tremendous from the beginning since you were on the board. I have thought of you along the way and followed your advice and it certainly gives me great pleasure to hand you this pin that you've been looking for all these many years.

Now then, I want to caution you that until the first day of August, you're not eligible to wear this. And when that time comes, we'll put our arm around you and you can join the old men.

PRESIDENT MOORE: Thank you very much, Dayle, but I thought I joined the old men's club several years ago.

Now I have another pleasant duty. By your ballot this afternoon you elected a fine gentleman from New Orleans as your newest president. He'll make you a fine leader as you'll soon find from the words he has for you. Julian Johnson, where are you?

I have for you the lapel pin which is emblematic of the presidency, and I'm going to be a little more emphatic than Dayle was: Don't you dare put it on until Aug. 1, because until then it's mine.

JOHNSON: Thank you, Mr. President. And thank you, delegates, for your vote of confidence. I accept the office to which you have elected me and I pledge to discharge the duties of that office to the best of my ability. It is both an honor and a pleasure to serve as your president.

In his report, President Moore outlined a number of accomplishments that were realized during the past year. We are justly proud of these accomplishments and assure you that many more will follow. But you might ask, and justly so, what about our number one problem. Let me quote a line or two from the president's report. Unrealistic scoring is not being controlled. The 1980-81 season resulted in the highest awards in the 298, 299, 300 and 800 category in our history. This season is currently running approximately 33% ahead of last.

Gentlemen, let's face facts, the bowlers have not suddenly become 33% better in a year's time. Conditions have been made that much easier. Everywhere one goes one hears the question: Why doesn't ABC do something to stop it? End of quotation.

The key words here are why doesn't ABC do something to stop it. To everyone who has asked that question many times, I pledge to you that ABC is going to do something to stop it. I am happy to report that plans are being worked out that will bring an end to lane blocking on ABC certified lanes. For well over 15 years we have suffered from the malignancy of lane blocking and I, for one, feel that the time has come when we must return honesty to the game. How do we do this? First, and most important, we must understand that we cannot obtain proper lane conditions through an appeal for honesty. We have proven over the years that such an appeal will not work. We have walked the extra mile so many times with so many that it has become rather meaningless.

We plan an educational program designed to teach all interested persons how to apply acceptable conditions. We plan to teach persons how to inspect lanes and how to report their findings. Sure, we have been doing that in the past. But not nearly to the extent that we will do so in the future. We will continue to walk the extra mile with everyone once, and in some cases maybe twice, but not a third time.

There comes a time when we must follow the rules which say in effect that a Congress member who conditions the lines to create a ball path or otherwise affect the course of the ball shall be liable for suspension from ABC membership. This is a rule you adopted, placed it in our Constitution, and have asked that it be followed. This rule will be followed.

Also, the ABC lane certificate, in my opinion, should not be issued unless the owner of the lanes agrees to abide by the terms under which that certificate was issued.

Time will certainly not allow to give the many details that I would like to cover, but let me leave this thought with you: I pledge to you that this program will receive the undivided attention of all ABC officers, directors and staff members. The success of this program or any other similar program depends upon the help and support that we get from you and I know that we can receive. Thank you very much.

PRESIDENT MOORE: Thank you, Julian, and good luck. We had a couple of other elections this afternoon. Number one, we elected a man who has served this Congress long and faithfully for 31-1/2 years as a life member. For 23 of those years it's been my good fortune to work with him in many different capacities. As of Aug. 1, Mr. Hurley will become a life member, and I think he's well deserving.

HURLEY: I guess I'm going to surprise you. You listened to me for 31 years and I think you've heard enough. Thank you very much.

PRESIDENT MOORE: This is in a little different category because the next man whom we have elected was elected by the board of directors last Wednesday. That's Burt Kellermann who on Aug. 1 will become your assistant secretary-treasurer.

KELLERMANN: Thank you, Jack. Last Wednesday the ABC board of directors appointed me to assume the duties and the responsibilities of the assistant secretary. I pledged my whole cooperation and best effort to see that our members received the service to which they are entitled when they join ABC. I make that same pledge to you now. With that pledge, I am asking for your continued help and cooperation.

During the past 17 years I have had many occasions to meet with you at jamborees, local meetings and in bowling centers. I have always asked for open communication, honest input, and I have no doubt that I will be making many more contacts in the future, and I do ask that you continue that open, honest and free exchange of information. I'm looking forward to the exciting and challenging period ahead of us. The challenges must be met by developing positive, practical, obtainable goals, and with clear direction, collectively working toward those goals.

I appreciate the opportunity to serve the bowling game and promise total commitment in the performance of my duties.

PRESIDENT MOORE: And now on Aug. 1 we will see the seventh executive secretary-treasurer of the American Bowling Congress assume his duties. I can remember this young man the first year I came on the board, he was the secretary of the St. Paul Bowling Assn., he came before us to make a presentation trying to obtain an ABC Tournament. At that time he had no gray in his hair, he was a little bit slimmer, and he had a different haircut. He's different now and I think you'll enjoy working with him and helping him keep the ABC the great organization that it's always been. Roger Tessman.

TESSMAN: Thank you very much, Jack. Thank you officers and delegates to this convention.

Yes, I did start out as a local association secretary. In fact, before that I was a league officer. And in all the time that I've been with ABC, either in that capacity or my more recent capacities, I've had a great respect for the game. I've also in the years that I've worked with the Congress developed a great respect for all of you. We are in fact, gentlemen, the caretakers of an organization that came into being in 1895. If you look back to those years and you read some of the history, you'll find things were rather chaotic. The game was not played the same in all sections of the country. In some locations the lane might be 59 feet and 38 inches wide and in another 63 feet and 29 inches wide, so our founding fathers, who were bowlers like ourselves, interested people, proprietors, got together, formed an organization to develop specifications and rules so that we could all play the game the same.

Now then, gentlemen, since we are the caretakers of that organization that they have given us, we have the obligation to see that the game is played the same in all areas. Regrettably the reports today that you have heard indicate that in some areas it is not being played the same. Therefore each of us has an obligation to work toward that goal so our game can continue to have the high respect that it's had these many years.

I, too, pledge my total support to you. I'm sincerely happy that Burt Kellermann has been elected assistant secretary. Burt is a dedicated, hard working, up front individual. I, too, look forward to working with you, because, gentlemen, we are a "We" organization. To the degree that all of us do the job that needs to be done, we will be successful. And I have to feel that we are and will continue to be successful as long as we remember that it is a "We" organization.

I would like to say that it's been my privilege these 22 years with ABC to have had some very fine people in addition to yourselves and our other officers work with me, teach me, be patient with me, and develop me to the point where I can stand at this podium and talk to you. Mr. Frank Baker, Mr. Al Matzelle, Mr. Ken Hurley have been the gentlemen that have taught me the most. I appreciate their help. I appreciated working with you.

And now let's get on with the work ahead.

PRESIDENT MOORE: Mr. Secretary, is there any unfinished business?

HURLEY: No.

PRESIDENT MOORE: Is there any new business? I recognize Jerry Koenig.

KOENIG: Mr. President, I move all the acts of the American Bowling Congress, its officers, agents, directors and servants in the furtherance of Congress business since the last annual meeting of the American Bowling Congress be approved and ratified. Seconded by Macpherson.

All in favor signify by saying aye, opposed no. The ayes have it. So ordered.

RAYMOND BULSHACK, St. Louis: I make a motion to adjourn. Seconded by Jaskie.

PRESIDENT MOORE: The meeting is adjourned. (Convention adjourned sine die at 5:25 p.m.)

Increase in working capital	$454,325.12	$822,487.59

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

- The books of account are maintained on the accrual basis.
- ABC is exempt from federal income tax under Section 501(c)(4) of the Internal Revenue Code in accordance with an exemption letter dated Nov. 6, 1970.
- All fixed assets are depreciated over their useful lives using the straight line method.
- ABC investment in Bowlers' Building Corp. is accounted for under the equity method.
- ABC has a pension plan covering substantially all employes. The total contribution to the plan for the years ended July 31, 1982 and July 31, 1981 totaled $234,141 and $246,500, respectively. Of this total contribution, the American Junior Bowling Congress Inc. was charged $22,034.27 and $25,683.48, respectively. The prior service costs are amortized over a period of 30 years. The Congress' policy is to fund pension cost accrued. The actuarially computed value of vested benefits as of Oct. 1, 1981, the latest available date such computation was made, totaled $2,895,830. The actuarially computed value of nonvested benefits as of Oct. 1, 1981 totaled $215,160. The actuarially computed value of assets as of Oct. 1, 1981 totaled $3,432,911.

  The weighted average assumed rate of return used in determining the actuarial present value of accumulated plan benefits was 6% per annum, compounded annually.

2. Accounting Change — Vacation Pay

Financial Accounting Standards No. 43 requires employers to accrue a liability for employe rights to compensation for future absences for fiscal years after Dec. 15, 1980. The effect of the change for the fiscal year ending July 31, 1982 resulted in a decrease in the excess of income over expenses of $4,061.14. The adjustment of $34,461.52 is the cumulative effect of the accrual prior to Aug. 1, 1981, bringing the total to $38,522.66 at July 31, 1982 and consists solely of vacation pay.

3. Notes Receivable

Notes receivable of $105,000 consists of five promissory notes issued by The Young American Bowling Alliance (YABA). Of that amount, $5,000 is due within one year, while the remaining $100,000 is due after one year. There is no interest being charged on these loans.

4. Commitments and Contingent Liabilities

During 1982, ABC and WIBC agreed to jointly guarantee loans by American Junior Bowling Congress Inc. (AJBC) to YABA up to a maximum of $250,000. The interest free loans are to be repaid on or prior to Aug. 1, 1983. However, upon written request by YABA, the repayment date shall be extended to Aug. 1, 1985. As of July 31, 1982, AJBC had loaned YABA $128,854.

During 1982, Bowling Redevelopment Corp., a fully owned subsidiary of National Bowling Hall of Fame and Museum Inc., entered into a construction loan agreement with Centerre Bank of St. Louis, making available a $2.5 million line of credit. ABC and WIBC have agreed to guarantee any borrowings under this line. The credit line had not been drawn upon as of July 31, 1982.

American Bowling Congress
Greendale, Wisconsin

Gentlemen:

We have examined the balance sheets of the American Bowling Congress as of July 31, 1982 and 1981 and the related statements of fund balances, income and expenses and changes in financial position for the years then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements present fairly the financial position of the American Bowling Congress at July 31, 1982 and 1981 and the results of operations and changes in financial position for the years then ended, in conformity with generally accepted accounting principles consistently applied during the period except for the change, with which we concur, in the method of accounting for compensated absences, as described in Note 2 to the financial statements.

Respectfully submitted,
REILLY, PENNER & BENTON
Certified Public Accountants

New establishments	102	New lanes	1,758
Average number of lanes per establishment			17.23
Lanes replaced, added or certification reinstated			1,006
Establishments affected by replaced, added or reinstated lanes			95

Official ABC Committees 1981-82

AJBC
Preston W. Thomas, Chairman
James D. Beckett
John G. Birdwell
Paul L. Chaffin
Thomas F. DeChalus
Kenneth B. Hurley
Richard D. Merrill
Finance and Budget Chairman

Awards Study
Max D. Skelton, Chairman
Kenneth F. Knapp
James M. Maher
Blase P. Palumbo

Bowling Museum and Hall of Fame
H. Wesley Bogle, Chairman
Maurice J. Hayes
Lowell E. Rothschild
Edward W. Sweeney Sr.
Roger H. Tessman

Collegiate
Walter E. DeLozier, Chairman
John J. January
G. Walton Roberson
Richard N. White

Education
Boyd M. Pexton, Chairman
George E. Barnes — John R. Nevada
Pedro R. Hernandez — Lawrence Schafer
James M. Maher — Glenn E. Weaver

Finance and Budget
Paul O. Mohn, Chairman
William G. Chestnut — G. Walton Roberson
Edwin W. Fisher — Max D. Skelton
James R. Hilliker — Max Weinstein
Robert A. Hollencamp — Robert D. Wissmuller

Future Planning
Edward W. Sweeney Sr., Chairman
Duncan G. Macpherson — Lawrence Schafer
H. L. Prettyman — John L. Settelen
Stephan Robutka — Gerald F. Tessman

High Score and Awards Review
H. Wesley Bogle, Chairman
Robert W. Girts — Lawrence E. Swenson
Theodore M. Jaskie — William E. Vitense
Carroll L. Stonehouse — George Zeidell

Industry Relations
William D. DeHaven, Chairman
Chairman or representatives of the following committees: AJBC, Finance and Budget, Future Planning, Legal and Legislative, New Equipment, Rules

International Competition
Eugene E. Adams, Chairman
Verrill F. Burgin — Robert P. Turner
Clifford R. Munson — Robert Mills

Legal and Legislative
Henry J. Lapinski, Chairman
Walter E. DeLozier — Ted F. Melonis
Gerald L. Koenig — Blase P. Palumbo
James T. Lusk — Boyd M. Pexton

Legislative Study
Max D. Skelton, Chairman
Chairman or representatives of the following committees: Finance and Budget, High Score and Awards Review, Industry Relations, Legal and Legislative, New Equipment, Nominating, Rules

National Bowling Council
Kenneth B. Hurley
Max D. Skelton
Roger H. Tessman

New Equipment
Joseph T. Dahl, Chairman
Joseph F. Ferguson — Jack A. Otero
Charles D. Howell — Walter R. Payment
Wesley G. Kidwell — Edward W. Sweeney Sr.
Glen A. Mann — Kenneth R. Taylor

Nominating
Charles J. Roesch, Chairman
Eugene E. Adams — Boyd M. Pexton
Rex J. Brown — Joseph A. Robelotto
Maurice J. Hayes — Lowell E. Rothschild
George W. Kampfen — C. Dayle Vannoy

Organizational Structure
C. Dayle Vannoy, Chairman
Paul O. Mohn — Robert D. Wissmuller

Pace of Bowling
William D. DeHaven — Thomas W. McKay

President's Party
Paul O. Mohn, Chairman
Clifford R. Munson — Richard N. White

Rules
Thomas W. McKay, Chairman
Dr. Chester W. Bixby — John Sieren
Richard W. Finke — Max Weinstein
Duncan G. Macpherson — Dirk Wheat

Senior Competition
Joseph T. Dahl, Chairman
Robert W. Girts — Lester H. Shirey
William H. Hall Sr. — James J. Sullivan

Sponsorships
Julian O. Johnson, Chairman
H. Wesley Bogle — Paul O. Mohn
William D. DeHaven

Tournament Prize
Eugene E. Adams, Chairman
Hiroto Hirashima — Michael G. Shenesky
Wallace E. Matthew — Bryant W. White
Joseph Paussa Jr.

Tournament Site Inspection
Clifford R. Munson, Chairman
James T. Lusk
Member of the Finance and Budget Committee designated by its chairman

Tournament Site Selection
Julian O. Johnson, Chairman
Eugene E. Adams — William E. Vitense
Dr. Chester W. Bixby — Robert D. Wissmuller
William G. Chestnut
Walter E. DeLozier
Robert W. Girts
Robert A. Hollencamp
Joseph Paussa Jr.
John L. Settelen
Edward W. Sweeney Sr.
